

## Cordts Hose Co. Celebrated Its 35th Birthday

Popular Ponckhockie Hose Company Organized in 1894 Holds Anniversary Banquet at Its Rooms—Frederick M. Lemister Only Living Charter Member Was Guest of Honor.

The John N. Cordts Hose Company, No. 5, which was organized in 1894, celebrated its thirty-fifth anniversary on Thursday evening with a banquet at its parlors on Delaware avenue in Ponckhockie with Frederick M. Lemister, the only living charter member, as the guest of honor. During the thirty-five years of its existence Cordts Hose has been one of the most active and popular of the volunteer hose companies of Kingston, and many distinguished names may be found inscribed on its roll of members. The hose company was named in honor of the late Senator John N. Cordts, its first president, and it seemed particularly fitting that on its thirty-fifth anniversary the president of the company should be John N. Cordts, a son of the company's first president.

The banquet tables were spread on the lower floor of the engine house and while an efficient corps of pretty waitresses were getting the tables ready the fire company held its regular monthly meeting and at 8:30 o'clock the company and its guests gathered around the tables and were served the following fine menu:

**Roast Beef** Fruit Cocktail  
**Celery** Cream Peas  
**Coffee** Pickles Cole Slaw  
**Cigars** Rolls Ice Cream  
Cigarettes

The guests of the evening were Frederick M. Lemister, the only living charter member of the company, and who is still active. The other guests were Mayor Edgar J. Dempsey, Alderman-at-large C. Ray Everett, Fire Chief Fisher and Assistant Fire Chief Freer of Ellenville; William B. Martin, president of the Hudson Valley Volunteer Firemen's Association; Postmaster Walter P. Crane, Willis Roe, president of Excelsior Hose Company; Fire Chief Joseph L. Murphy, Deputy Fire Chief Fred M. Leverich, Fire Commissioner Harry Walker, Fire Commissioner Louis Kaplan, Marshall G. Miller, superintendent of the fire alarm system and his assistant, John Hoffman.

Schleede is Toastmaster. After the good things to eat had been tucked away under the vests of the diners, cigars were lighted and Martin J. Schleede, foreman of Cordts Hose, presiding as toastmaster, called upon Assistant District Attorney Cleon B. Murray of Ellenville as the first speaker of the evening. Mr. Murray is a former resident of Ponckhockie and still a member of the hose company. In a witty and entertaining speech he called attention to old days in Ponckhockie.

Organized With 100 Members. Mr. Murray called attention to the fact that thirty-five years ago the Cordts Hose Company was organized at a meeting held in what was known as the old Greeley house, and that the charter of the company was signed by one hundred of the men of Ponckhockie.

Of that number but one was still living—Frederick M. Lemister—the guest of honor of the evening and on behalf of the members of Cordts Hose he desired to present Mr. Lemister with a slight token in remembrance of the occasion.

The token presented Mr. Lemister was a merechaum pipe. A Former Ponckhockie Boy. The Rev. Karl Schleede of Schenectady, who served as a major during the World War, and a brother of the toastmaster, was the next speaker on the program. The Rev. Mr. Schleede who is a former resident of Ponckhockie, related a number of humorous stories and complimented Cordts Hose on the record it had made during the years it had been in existence. He said that he was delighted to have had the opportunity to be present that evening and meet the boys.

Attorney Coughlin Speaks. Another former Ponckhockie boy, and one who is still a member of Cordts Hose, is Attorney Thomas F. Coughlin, and he spoke briefly and humorously of the days when he and the assistant district attorney lived in Ponckhockie.

Fire Chief Joseph L. Murphy gave a very interesting talk on the great improvement which has taken place in the fire department. Going back to the days when the equipment was not as modern as today the fire chief showed the great advancement made. He also thanked Cordts Hose for their cooperation.

John N. Cordts, president of the company, also spoke briefly congratulating Mr. Lemister on his record as a member of the fire company and extending the thanks of the company to all who had helped to make the anniversary such a success.

## Influenza in Great Britain

London, Feb. 5 (AP).—Influenza, increasing in its virulence, has nearly doubled the death rate in 107 English cities and towns.

London has been hit hard, but Liverpool and Manchester have suffered even more. Even Birmingham, Sheffield, Leeds and Bristol, where the epidemic is comparatively light, show high figures of mortality and infection.

The death rate in 107 cities and towns increased from 16.4 deaths per thousand population January 12, to 21 per thousand last week, nearly double the ordinary annual rate of 11 per thousand.

## Vatican and Italy To Sign Monday

Appointment of Cardinals and Bishops as Senators is Expected to Be One of the First Results—Some Changes Forecast.

Rome, Feb. 5 (AP).—Signature of the treaty of conciliation and concordat between the Vatican and the Italian government has been postponed from Sunday until Monday afternoon.

Appointment of a group of cardinals and archbishops as senators is expected to be one of the first results of the signing of the concordat between the Vatican and the Italian government. This will conform to custom prior to the rupture of relations between the church and Italian government in 1870.

The Pope's self-imprisonment inside the walls of the Vatican probably will not end until Easter. Some persons believe the Pontiff then will choose to celebrate Mass either at the Church of Saint John Lateran, sometimes referred to as "the Mother Church of Christendom," or at the Church of St. Charles, where as a newly ordained priest he said his first Mass fifty years ago. To function at either church would require only a short journey for his holiness, but it would signalize the scope of the accord between church and state.

Pending publication of the concordat, there is some speculation as to just what changes acceptance of the canon law by the Italian government will entail.

There is almost unanimity that the significance of the agreement reaches farther than the territorial and monetary concessions made in the first part of the concordat.

Civil laws probably will be modified to conform with canon law. Except in purely religious matters the new law of the state will apply to all persons, irrespective of religion.

Some of the changes forecast are: Legalization of religious marriages. Removal of ecclesiastics from jurisdiction of civil courts. Re-institution of religious teaching in public schools. Removal of civil restrictions of the clergy. Property rights for religious orders. Civil enforcement of church edicts as to church personnel. Exemption of ecclesiastics from military duty.

Civil authorities will report misdemeanors or crimes of churchmen to their bishops. In cases of arrest churchmen will be detained in separate jails from those used for other criminals. If convicted they need not serve sentences in ordinary prisons, but in a monastery or convent designated by the bishop.

Religious teaching in public schools had been suppressed completely, but it will be compulsory hereafter.

There will be severe rules against heresy, simony, blasphemy, sacrilege and adultery.

## Various Cases in Police Court

Robert E. Kelder of 83 St. James street was arrested Thursday on a warrant sworn out by Mrs. Richard Fox of 40 McEntee street, charging Kelder with petit larceny. According to the information sworn to at the time the warrant was issued she alleged that he took a 12 quart waterless cooker, the product of the Kitchen Kraft Company, and valued at \$8.95, to exchange it for a 16 quart cooker of the same make. She claims that he failed to make the exchange or to return to her the 12 quart cooker. This morning in police court Kelder pleaded not guilty and the hearing was adjourned to February 14.

James Kerrigan, an elderly man, who said he is an inmate of the Orange county poor house, was picked up for panhandling on Wall street on Thursday. He pleaded guilty to the charge and was sentenced to fifteen days in jail.

George Barrett of Troy and William O'Neill, who said he had no home, were each fined \$5 for public intoxication.

William B. Trumble of Amsterdam, arrested for driving a Mack truck 20 miles an hour on Broadway on Thursday, was fined \$20.

May Issue Bread Books. Moscow, Feb. 5 (AP).—The issuance of bread books for control of the consumption of bread in Moscow in the near future, is forecast by a Soviet official Communist organ. A step would be in line with efforts of the authorities to end speculation in that commodity.

## Tentative Plans For Inauguration

Twenty-Two State Governors Have Reserved Space For Themselves and Retinues in the Parade—Entertainment Features on Program.

Washington, Feb. 5 (AP).—Promise of variety and color in the Presidential inauguration ceremonies is borne out with the announcement by the inaugural committee that 22 state governors have reserved space for themselves and retinues in the parade.

At the same time, the committee announced other entertainment features on the tentative program of events—among them concerts, air stunts by army and navy fliers, and a great display of fireworks on the mall.

Many of the executives, the committee said, will come with escorts to gay uniforms. The governor of Alabama will be accompanied by two contingents of foot soldiers from the state National Guard and a band of 53 pieces. From Delaware, New Jersey and Virginia, artillerymen and cavalrymen will come with their chiefs. The governor of Virginia will have 450 members of the Richmond Blues, the Richmond Howitzers and the Richmond Grays and a file and drum corps.

In the second division of the parade, the committee announced, five units already have been assigned positions. The tentative program of public entertainment is to begin two days before the inauguration. On March 2 the navy yard will be thrown open to visitors. The army and navy on this day will stage an air circus over the city, and there will be a riding circus at Fort Myer.

On Sunday, March 3, special services will be held in all Washington churches. There will be a pilgrimage to the tomb of the unknown soldier in the afternoon, with a concert in the evening.

## STEWART UNCONCERNED OVER ROCKEFELLER CLAIMS

New York, Feb. 5 (AP).—Colonel Robert W. Stewart was preparing to return to Chicago today avowing unconcern over claims of victory by the Rockefeller forces in their battle of proxies.

Meanwhile the Rockefeller strength in the battle for control of the Standard Oil Company of Indiana was augmented by proxies for 2,360 shares forwarded by Dartmouth College.

A brisk exchange of statements was opened by Winthrop W. Aldrich, counsel for the proxy committee headed by John D. Rockefeller, Sr., with the claim that his committee held proxies representing 51 per cent of the stock.

"This latest claim of victory gives me no concern," Colonel Stewart said. "In the ensuing four weeks between now and the annual meeting, the stockholders will more clearly understand the situation."

The Aldrich statement was the first definite claim made since Mr. Rockefeller began soliciting proxies with which to vote Colonel Stewart out of the chairmanship and directorate of the Standard Oil Company of Indiana after Colonel Stewart had refused to resign. Mr. Rockefeller demanded the resignation as a result of his displeasure with Stewart's testimony before the Teapot Dome investigating committee of the Senate.

Colonel Stewart said in his statement that he had had a most satisfactory stay in New York and that the results had been most encouraging.

Regarding the action of Julius Rosenwald of the Sears-Roebuck Company of Chicago, who had written to friends urging them to support the Rockefeller interests, Colonel Stewart said:

"Mr. Rosenwald is not a stockholder and his connection with Mr. Rockefeller is well known. His statements show a lack of information."

## FAMOUS BOAT CREW PRESENTED WITH MEDALS

Cherbourg, France, Feb. 5 (AP).—Chief Officer Harry Manning, acting commander of the S. S. America, and other members of the famous boat crew which rescued the crew of the Italian freighter Florida last month, today were presented with a gold medal commemorating their feat by officials of the Cherbourg Chamber of Commerce.

Captain George S. Fried, commander of the America, who did not make the present trip, will receive a similar medal on his next trip to the French port in honor of his work as commander of the vessel when the hazardous rescue was made. French port and municipal authorities, as well as American consular officials, were present at today's ceremony.

## NORTHCOTT SAYS 11 WERE MURDERED

Riverside, Cal., Feb. 5 (AP).—Guards at Gordon Stewart Northcott's cell reported today that the 22-year-old Canadian, convicted of murdering three boys, has repeated previous statements that eleven persons had been slain at his chicken ranch near here. The guards said Northcott again implicated Sanford Clark, his 15-year-old nephew, and Cyrus Northcott, his father, in the alleged slayings.

## Kiwanis Club and Farm Bureau Hear of State Taxes

Commissioner Pytko Tells of Plan to Change Tax Laws of the State in Favor of Lower Taxes for Rural Districts—Other Speakers At Joint Meeting.

The joint meeting of the Kingston Kiwanis Club and Farm Bureau at the Governor Clinton Hotel Thursday evening was a big affair. President Doty of the Kiwanis Club presided and after giving Paul Zucca his fling with song, the president turned the meeting over to Robert Service, chairman of the Agriculture Committee of Kiwanis.

P. H. Cullen, principal of School 3 was the first speaker and limited to three minutes. Professor Cullen made an after-dinner talk which was a masterpiece.

I. C. Barnes, Worthy Lecturer of Ulster County Pomona Grange then told of the Grange, its aims and its work.

Assemblyman Davis was the next speaker limited to three minutes and he suggested a council of agriculture the members of which could be made up of representatives of the various service and business clubs in this section, stressing the point that prosperity was a matter of full understanding between the business, the city and the farming interest.

Fred DuBois of New Paltz, made an interesting and pleasant sort of a talk, later introducing Commissioner of Agriculture and Markets, Bernie A. Pytko who is known to be one of the best informed men in New York State on matters pertaining to the farming and agricultural economics, and a man who is very close to not only the legislative leaders at Albany, but to Governor Franklin D. Roosevelt.

In his address Commissioner Pytko indicated that Governor Roosevelt and legislative leaders of New York state are working out a plan to change the tax laws of the state in favor of lower taxes for the rural districts and the abolishment of the heavy and excessive taxes on counties for the building, maintenance and reconstruction of highways and the purchase of highway rights of way together with the shouldering by the state of the cost of highway bridges. That he spoke with authority of the plans of Governor Roosevelt and his cabinet and legislative leaders at Albany was very evident and his talk last evening saved very highly of facts which have been developed by the state government.

Commissioner Pytko was strong in his denunciation of the present tax system which levies high taxes on the counties of the state for the purchase of highway rights of way and the maintenance of highway mileage by the county and the taxpayers and the levying of taxes in a county for the building of highway bridges and the elimination of railroad grade crossings. He cited figures to show that Ulster county was particularly a victim of the injustice of the present system and voiced his opinion that the tax laws would be changed to bring lower taxes in Ulster county as well as the other counties of the state which are affected by the ten-year highway expansion system which was proving itself ruinous to the smaller cities, rural districts and those sections of the state where new improved highways are being built.

So great was the commissioner's scorn for the present system of taxation that he literally "fanned the air" for adjetives to tell the members of the Farm Bureau and the Kiwanis Club that a change in the tax laws was imperative. In reference to the question of whether there was a "Farm Problem" which question had been asked the commissioner by two Albany newspapers, he said that the rural districts, and the farmer particularly, was being "discriminated against" not only in the allocation of the highway funds as affecting his taxes, but in the school tax—which system of taxation was "just plain dumb."

"With sixty cents of each tax dollars going for roads and schools and with the burden of the state taxes being paid by the urban, rural and smaller counties, it can be seen that there is a farm problem which will be annihilated when the new system of taxation becomes effective. The unit of county road building taxation is wrong. The state's distribution of school money is better than it was and the rural sections will further benefit from laws now being put through and which have the approval of the governor to help the smaller schools in the rural regions where there are fewer than five teachers."

## TWO DIE OF PNEUMONIA IN PENITENTIARY

Pittsburgh, Feb. 5 (AP).—Pneumonia is claimed two more victims in the Western penitentiary during the past 24 hours, it became known today.

John Christie, 25, serving a seven to fourteen year term from Erie county for burglary, died this morning. He was committed February 10, 1925. Frank Lewis, 30, a six year county, serving a three to six year term, also for burglary, died last night. He was committed September 12, 1924.

## Booth Has Until Wednesday

London, Feb. 5 (AP).—General Bramwell Booth, Commander of the Salvation Army, has a raw wool was voted before the House Wednesday to appear before the Army's High Council and defend himself against proposed delay in the settlement of this important matter.

## William Barry In Hospital

Thursday afternoon the New York police department requested the local police to notify the friends of William Barry of 20 Jarrod street that he is in Bellevue Hospital in New York city.

## American Experts Enroute to Paris

Cherbourg, Feb. 5 (AP).—J. P. Morgan, Owen D. Young and Thomas W. Lamont, American reparations experts, disembarked from the S. S. Aquitania this morning and immediately boarded a special train for Paris, where they will attend the reparations conferences.

They showed themselves also to be experts of discretion. They managed to get aboard their train without revealing anything to correspondents who met them except pleasure at the polite reception and their desire to avoid talking.

The Americans had expected to have two cars attached to the special boat train, but the French had a four-coach train ready to carry the delegates and their staff of 24 to Paris. Morgan, Young and Lamont had private cars to themselves and their suite was in the other two cars.

The fourth car was a dining car. The police commissary in full uniform boarded the steamer to offer his services in getting the party ashore promptly, but the delegates merely thanked him for this thoughtfulness and went to breakfast. Their passports were without special visas and they asked no favors except privacy.

When newspapermen appeared, Young limited discussion of the big problem that brings him to France to "I am merely a business man, so I have nothing to say to the newspapermen."

Morgan, even more shy, almost succeeded in hiding behind Young when the delegates passed a battery of cameras clicking like machine guns on their way along the pier to the train.

## LIQUOR RUNNERS ARE FRIENDLY WITH OFFICERS

Albany, Feb. 5 (AP).—James C. Hughes, United States customs officer, testified in United States district court here today that the men engaged in running liquor across the Canadian border are on friendly terms with Canadian customs officers.

Hughes made this assertion while testifying as the first witness for the defense in the trial of Joseph Soblosky, U. S. immigration officer charged with murder, second degree, in connection with the fatal shooting of Richard Pelkey of Lake Placid, alleged liquor runner, last September.

He further testified that the liquor runners employ scouts to cover the roads leading south from the border and to report the presence of prohibition enforcement officers.

Hughes said that acting on information he had obtained as to the movements of liquor runners he asked Soblosky to watch the Duane Center road for liquor laden cars while he himself patrolled the Chateaugay road. Pelkey was shot and killed on the Duane Center road about 26 miles south of the border, the prosecution alleging that Soblosky shot him when he failed to stop his car at the command of the immigration officer.

The witness further testified that Soblosky had aided him at various times in patrolling roads and that the immigration officer knew that Pelkey was a liquor runner.

Asked if the Canadian customs officers had assisted in the capture of liquor smugglers, Hughes said: "By no means. Never have I known them to assist in any way."

The defense yesterday, by means of cross-examination introduced into evidence a statement contained in their petition for change of venue, that "it is the manifest duty of all United States officers to enforce all United States laws."

## PRESIDENT SENDS TELEGRAM OF SYMPATHY

Washington, Feb. 5 (AP).—A telegram of sympathy was dispatched by President Coolidge today to Mrs. Edwin Denby, upon the death of her husband, the former secretary of the navy.

"I am deeply grieved to learn of the passing of your husband," the president said. "His life was an outstanding example of good citizenship. He served his home city, his state and his country both in peace and in war. He was a member of the cabinet, displaying qualities of heart and mind which endeared him to all his associates. Mrs. Coolidge joins me in heartfelt sympathy."

## MAN AND WIFE DIE IN AUTO ACCIDENT

Allentown, Pa., Feb. 5 (AP).—A man and his wife were killed and another man was seriously injured in an automobile accident at Schnecksville, near here, early today.

The dead are Mr. and Mrs. Theodore S. Bowen, both 43, of this city. The injured man is Robert Smith, also of this city. He is in a hospital suffering from a broken jaw and internal injuries. The automobile crashed into a tree.

## Spring Dollar Day And Display Uptown

Uptown Business Men's Association Will Hold Another Dollar Day Late in February and a Dress Up Week Early in March—Christmas Lighting Bills Ordered Paid in Full—Other Matters.

## Edwin Denby Dies Of Heart Attack

Former Secretary of Navy Dies at His Home in Detroit Aged 59 Years—Popular Figure at Time of the Oil Scandal.

Detroit, Feb. 5 (AP).—Edwin Denby, former Secretary of Navy and one of the figures whose political career was abruptly terminated by the Teapot Dome scandal, died at his home here this morning. Death resulted from a heart attack.

Denby, one of the most popular figures in public life at the time of the oil scandal, was 59 years old. While he had been in poor health during recent weeks, announcement of his death was a distinct shock to his friends.

Following his resignation from the cabinet, the "sea going secretary of navy" as he was termed, returned to Detroit and resumed his banking, industrial and legal activities.

Although he virtually was compelled to resign from the cabinet as a result of the Teapot Dome affair, Denby did not attempt to place any of the responsibility that was charged to him upon the shoulders of anyone else. He was mainly concerned with the saving of the Naval Reserve. Denby insisted his action had been for the best interests of the country.

Denby arose as usual shortly before 8 o'clock this morning but complained of feeling ill. A physician was summoned, but before he arrived, the former Navy Secretary was dead.

With him at the time of his death were his wife and daughter Marjane. A son, Edwin, Jr., is absent at school.

Denby was one of the most popular figures in Detroit's public life and the popularity was not diminished by the Teapot Dome incident. Undertakings of trust in civil affairs were given him almost immediately upon his return from Washington and a day of celebration was set aside to honor him.

Denby began his public career in 1902, when he was elected to the State Legislature as a member of the lower house. He went to Congress in 1904, and was reelected twice. His appointment as Secretary of the Navy came March 4, 1912. Just prior to that he had been chief probation officer for the recorder's court in Detroit, an appointment he accepted after his return from the World War, in which despite his overwork and the fact he was 47 years old and married, he obtained enlistment in the Marines as a private and was mustered out with a major's commission.

He served in the Spanish-American War as a gunner's mate aboard the U. S. S. Yosemite.

## Rejected, Kills Woman and Self

New York, Feb. 5 (AP).—Rejected as a suitor, Joseph Adams, 34, shot and killed Miss Genevieve Higgins, 30, at her home in West 190th street early today and then shot and fatally wounded himself.

Miss Higgins, a graduate nurse, had met Adams while nursing a private patient at Rockaway Beach last summer. Adams, whose address was unknown to members of the Higgins family, was taken to Columbia Hospital where a charge of homicide was lodged against him.

He died several hours later. Cathryn Higgins, a niece, said her aunt apparently had feared an unpleasant scene as she had asked her to remain in the room after the other members of the family had retired. About 2 o'clock, she said, she suggested it was time for Adams to leave and he said he would if he could talk to Genevieve alone for five minutes.

A few minutes after she left the room she heard two shots, and after a short interval, two more. She ran to the room in time to see Adams, revolver in hand, fall to the floor. Miss Higgins was shot in the left chest and died almost instantly. Adams shot himself in the right temple. The other two shots went wild.

Oppose Increase. Washington, Feb. 5 (AP).—Opposition to any increase in the duties on raw wool was voiced before the House Ways and Means Committee today by William Goldman, New York, representing the Clothing Manufacturers Research Board, who declared the present rates already constituted a huge tax upon the American clothing consumer.

## Men's Association Will Hold Another Dollar Day Late in February and a Dress Up Week Early in March—Christmas Lighting Bills Ordered Paid in Full—Other Matters.

A meeting of the Uptown Business Men's Association was held Thursday evening at the Kirkland Hotel where after a chicken dinner the members took up several matters of business including the holding of a spring cooperative Dollar Day Sale and also the usual semi-annual Dress Up Week. Both of these events were decided upon as mediums of stimulating business and showing people in this section what Kingston merchants have to offer.

A report of the membership showed that there was near 100 per cent in paid up membership with several new firms as prospects. Of the total membership which is now near the 100 mark there are about a dozen who have not yet paid up their 1929 membership in the association. C. E. Wonderly, chairman, stated that he has issued several letters informing the members that the annual dues were due and that he had issued his last letter on that subject and if volunteer checks were not forthcoming the membership committee would attend to the matter of payment of dues. In the report of the secretary and treasurer there was reason for rejoicing. With all outstanding bills paid, including the Christmas decorations bills, there is a very handsome balance in the treasury for promotion work this year. The association is in a very flourishing condition and the chairman of the membership committee, Morris Kaplan, was complimented upon the activity and success of his committee.

## Pay Lighting Bills

Final action was taken upon the matter of settling the Christmas lighting and decoration bills and they were ordered paid in full. In connection with this matter Mr. Sweet of the Van Wageningen store spoke. He said that in his connections with chain store operation he had been in many cities and never in his experience had he seen a more beautiful Christmas effect than had been that in Kingston at Christmas time. In several of the towns where he had been he had seen various forms of Christmas decorations but there had never been one which excelled that which Kingston merchants enjoyed the past year. Through the cooperative decorating there had been a very pleasing effect secured.

## Spring Dollar Day

Under the matter of holding a spring Dollar Day there was a considerable discussion. Several being of the opinion that the Spring Dollar Day should be dispensed with at this time but after a lengthy discussion it was decided that the effect of a Dollar Day was good and inasmuch as other towns similar to Kingston held semi-annual Dollar Days it should be continued here. Many merchants stated they never made any money on Dollar Days and in fact there was a loss but the prevailing opinion was that a Dollar Day should be held with a good will spirit and as a method of acquainting people with Kingston merchants and Kingston merchandise and prices. After a thorough discussion the matter was put to a vote and the adherents to Dollar Day prevailed almost unanimously. The matter of the date for Dollar Day was left to the Dollar Day committee of which Mr. Fein is chairman. The date will be set for late in February.

## Spring Display Week

Spring display week was also discussed and it was agreed to have the usual Thursday, Friday and Saturday Spring Display or Dress Up Week early in March. As Easter comes early it was the opinion of the members that the first or second week of March would be the proper time. The matter of the date was also left to the committee in charge of that matter.

Present at the meeting was J. R. Meehan of the Central Hudson Gas & Electric Corporation who is temporarily in charge of the local office during the absence of Charles R. Lasher who is on sick leave and undergoing treatment at Battle Creek Sanitarium. Mr. Meehan who was temporarily assigned to the Kingston office some time ago expressed his desire to meet the business men and become acquainted.

## CAUSED DEATH OF WOMAN

Denver, Feb. 5 (AP).—Sparks from a grate which ignited her bed covers caused the death here yesterday of Mrs. Anna Imman, 81, a cousin of John D. Rockefeller.

According to Mrs. Anna Miller, her daughter, Mrs. Imman was a member of the Groton Avery family and directly related to the oil magnate's father.

Mrs. Imman had been ill for several months and was in bed in front of the grate. When the bed covers caught fire she ran to another room but died before other occupants of the building, attracted by her screams, arrived.

## Will Continue Press Conference

Miami Beach, Fla., Feb. 8 (AP).—President-elect Hoover, after entering the White House, will continue the semi-weekly press conferences with newspaper correspondents inaugurated by President Harding and carried forward by President Coolidge.

Since his election Mr. Hoover has had but few meetings with the large staff of correspondents assigned to report his activities and this gave rise to conjecture whether he might adopt some other system than that in vogue for stating his views to the country on public questions.

At the beginning of his campaign for the presidency Mr. Hoover declared that any statement he might make for publication would be in writing so that there could be no misunderstanding, and he has followed that plan since November 6. Aside from his speeches on his Latin-American good-will tour, he has made only a few public statements, and most of them have been in writing. His views frequently have been sought but he steadfastly has refused to make any statements, even to congressional leaders.

His conferences with those in charge of affairs on Capitol Hill in Washington, it is explained, have had to do only with legislation that will arise during his own administration and the subject of the time of holding the special session of the Seventy-first Congress to enact farm relief and tariff revision measures.

The White House newspaper con-

ferences have been in a perpetual state of evolution since the days of President Roosevelt. The chief executive had his own peculiar system and President Taft. When President Harding took office, he started the semi-weekly meetings, subjecting himself to oral questioning. He found himself in difficulties and so decreed that all questions should be submitted in writing.

President Coolidge from the first required written questions from the correspondents and declined to permit any questioning after he had made his answers. Presidents always have reserved the right to decline to answer any question as submitted and many have gone unanswered.

### REAL ESTATE TRANSFERS

Deeds Recently Recorded With the County Clerk.

The following deeds have been filed in the office of the Ulster county clerk:

John H. Saxe and wife to Charles Joy, a parcel of land on Fairview avenue in the town of Hurley at River Side Park, a subdivision of the Maple Arch Farm along Kingston-Ellenville state road. Consideration \$1.

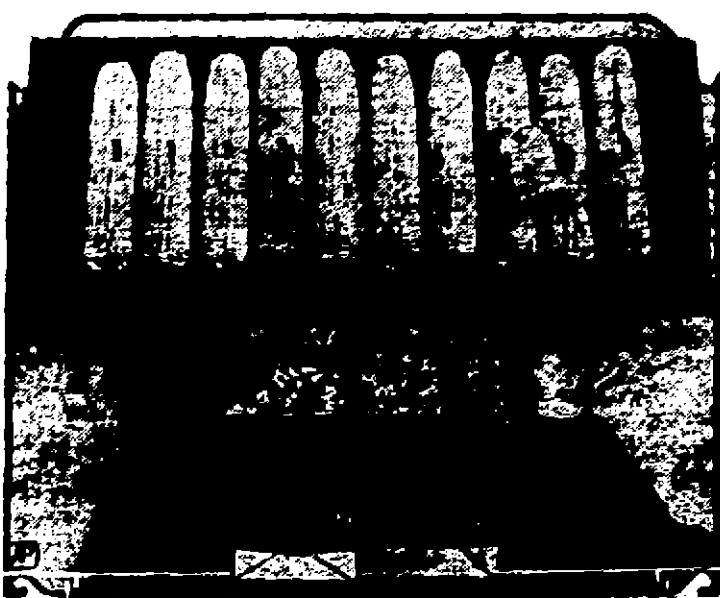

John Dunlop and wife to town of Wawarsing, a parcel of land at Hillside, town of Wawarsing. Consideration \$1.

Max Maltz to Gusale Shapiro, tracts of land in the town of Rochester. Consideration \$100.

Lena K. Snyder and Hattie Tronson to George J. Kent, a parcel of land on Lincoln Park plan, town of Ulster. Consideration \$1.

George J. Fisher and wife to Albert C. Robinson and wife, a parcel of land on Manor avenue, Kingston. Consideration \$1.

## Corn 90 Per Cent Productive

Typical 16 ears, shelled corn, and seedlings required in Missouri certified seed contest.

Columbia, Mo., (AP).—Prize-winning corn in the certified seed class at the annual show of the Missouri Corn Growers' Association must be at least 90 per cent productive.

In the new class exhibitors are required to enter 16 ears, a peck of shelled corn, and a hundred seeds—ninety of which must sprout to qualify the contestant.

An added feature will be championships in yellow, white and early varieties grown from seed certified in the two previous years. The exhibitor must intend, also, to have his seed certified for the ensuing year. The germinating tests will be exhibited and judged a week after the 100 kernels are planted in a soil box.

## Kingston Man Glad to Endorse Nu-Erb, Great Medicine He Declares

Relates How It Put An End To Long Standing Stomach, Kidney and Nervous Disorders.

Scores of Kingston men and women continue to call on the Nu-Erb man at McBride Drug Store, 312 Wall street, each day to tell of the splendid work that is being done by this master medicine in this vicinity. Among the cases that are being reported are former sufferers from indigestion, gas in stomach, bilious attacks, dizzy spells, nervousness, backache, frequent urination, sluggish liver, constipation, rheumatism, neuritis and many other disorders that arise from improper functioning of the stomach, kidneys, liver and bowels.

Among the most recent ones to tell of the relief that is to be had by using this medicine is Mr. A. J. Yajle, 20 Joya Lane, Kingston, N. Y. "For many years I have suffered because of stomach, kidney and nervous disorders," said Mr. Yajle. "Gas formed into what seemed like a large ball that lodged in the pit of my stomach after every meal. My food soured and I suffered much because of indigestion and other distress in my stomach. My kidneys were very weak. I had a continual aching pain across my back and was disturbed several times each night. I also suffered from dizzy spells, floating spots before my eyes, severe headaches and I was very nervous. I felt irritable and restless and awakened each morning with a tired worn out feeling."

"Since using Nu-Erb, however, I have had the first real relief from these troubles. It has overcome the indigestion pains and that distressing gas and sourness of my food. It has also given me splendid relief from the backache and I sleep the whole night through without being

THE NU-ERB MAN.

disturbed. I no longer am troubled with those dizzy spells, spots before my eyes and I seldom have a headache now. My nerves have been strengthened and I awaken in the morning feeling refreshed and more energetic than I have for many years. I am glad to endorse such a medicine as Nu-Erb and believe that anyone suffering in this way would do well to give it a trial."

McBride Drug Store, 312 Wall St., is headquarters in Kingston for Nu-Erb. Go see the Nu-Erb man now making his headquarters there and let him explain to you the merits of this remarkable medicine.

## Crime Waves Are Not New

Troy, N. Y., Feb. 8 (AP)—Crime waves, so-called, are not something which came with the jazz era, according to Frederick A. Moran, of the Probation Commission, New York State Department of Correction.

Speaking at the New York State School for Police a few days ago, Mr. Moran asserted that "America was crime-ridden, and there were criticisms of the administration of criminal justice not only 100 years ago, but during the last decade of the 19th and the first decade of the 20th century."

"On the subject of crime all men have pet opinions of their own and no two agree to be alike," Mr. Moran continued. "Individuals, however, holding their emotions in check and taking the time and the trouble to study the individual case by case, assert that there is no single cause for crime."

"It is obvious that if crime is to be reduced and criminals reformed the time has come for clear thinking regarding the aims of punishment. If vengeance is the sole aim of punishment, then probation, the indeterminate sentence and parole should be abolished and the state should begin to build not one but a number of prisons. But if we accept that the aim of punishment is both the protection of society and the reformation of offenders, then our courts should be socialized."

"Let us not forget that approximately every decade society has been faced with a so-called crime wave and when it ended the crime and the treatment of offenders became a local subject. However, the interest aroused in the present so-called crime wave has not been lost. The general public is apt to assume that practically all men accused of crime are convicted by a jury of 12 tried and true men and that the responsibility of the judge is to act as a sort of referee, during the trial and later impose sentence upon convicted offenders. In reality, however, comparatively few offenders ever stand trial. The study of what happened to the 25,000 felony cases in the courts of New York state during 1925 gives some illuminating facts regarding the large number of persons charged with felonies who never stand trial in the courts."

"Starting with 100 per cent of arrests in felony cases, the Crime Commission found that 58.03 per cent are left after the police custody has been terminated; 41.12 per cent after the preliminary hearing; 28.88 per cent after the grand jury has acted; 20.57 per cent after trial and 15.45 per cent actually are imprisoned or fined."

"In the light of these statistics, how unwarranted and futile are the criticisms of judges for occasionally placing offenders on probation whose criminal records and social history are known to them. It would seem to be plain common sense for newspapers and citizens to show at least as much interest in the causes for the elimination of the 88 per cent as frequently is shown in the 15 per cent who actually are convicted and sentenced."

### Pioneer Dirigible

The first dirigible seen or flown in the United States was built by Leo S. Stevens, Coey Island, 1902.

## LAND OF WOMEN BOSSES

A splendid opportunity for the more aggressive and dissatisfied American feminists is offered by the conditions in Tibet, in the view of Elsie McQuinn, who writes in the New York World: "The more I meditate about the women of that land, the more I am inclined to wonder why the Women's Party does not emigrate there in a group. For countless centuries the women of Lhasa and the surrounding regions have kept the masculine world under their highly unimpaired thumbs. A Tibetan husband's position in the household being somewhere between that of a pet canary and an ant in the sugar bowl. His unimportance is due largely to the institution of plural husbands and the feminism that grew up as a result. Practically all the commerce of the country is in the hands of the women, the men serving chiefly as errand runners, bundle carriers and bits of local color."

This entertainingly humorous account is somewhat misleading, although in the main true. The supreme ruling power in Tibet is an association of priests (all men), the Grand Lama at their head with his mysterious court in the "forbidden" city of Lhasa. But in the home and in many of the affairs of life the women dominate, a natural result of the institution of polyandry. Apparently the women take as many wedded partners (sometimes these are brothers) as they think they can manage, and the accounts indicate that they are big and husky enough to knock their willed husbands in their "harems" into meek submission by means of the big fist if not of the big stick. All this suggests the possibility that Tibet was the source of the ancient Greek story of a country of Amazons, or women warriors in the interior of Asia.

## CHAT OF POLITICAL FOES.

The dispatches prior to the friendly meeting of Mr. Hoover and ex-Governor Smith in Florida left the impression with many that it was being brought about, not by the two participants themselves, but by correspondents and curiously interested local outsiders. It seems quite possible that both the victor and the defeated rather dreaded it and that neither would have sought it unprompted, owing to the possibility of embarrassing moments even in the course of studiously polite conversation. But some commentators regard the meeting as "natural" as well as proper, and, in referring to the happy agreement of the participants to "talk over some of the funny things that happened during the campaign," the New York Times says:

It is a natural subject for veterans of any campaign to discuss. There are very old men who wore the blue and grey against each other who still enjoy doing the same thing, and some younger ones (of later wars) will also understand it. Politics is not war; only hopes and reputations are its casualties, but as Hannibal expressed a wish to have a good look at Fabius Maximus so Mr. Hoover must have felt about Alfred E. Smith. A man who can get fifteen million votes, laboring under the handicaps which beset all Democratic candidates, and this one in particular, is a man who must necessarily have a personality worth sizing up.

However that may be, it is well that the meeting occurred, for if it had been avoided, both Mr. Hoover and Mr. Smith might have been suspected of hostile feelings toward each other which we may be sure neither entertains.

Referring to the Senate's appropriation of an additional \$24,000,000 for enforcement, Dr. McBride of the Anti-Saloon League says: "The American people desire that the eighteenth amendment be adequately enforced, and they desire that the President, who is the chief enforcement officer of the government, should have every possible assistance in his efforts to that end." But it looks as if the President is no more eager than is Mr. Mellon for such "necessary assistance," for a Wash-

ington dispatch reads: "President Coolidge is represented as being hopeful that the House can defeat the amendment appropriating an additional \$24,000,000 for enforcement. He does not desire to be placed in a position of opposing money for prohibition enforcement through a veto, but according to those who have conferred with him he feels that it would be his duty to veto a measure exceeding the budget estimates."

The German republic seems to be departing from the democratic simplicity of the beginning. It is stated that at a recent reception of President Hindenburg for the first time a distinction was made between the Ambassadors from powerful nations for whom the drums were sounded—and the mere Ministers from the smaller countries, in honor of whom the troops on guard merely turned their right.

The Prince of Wales appears to be distinguished by great energy as well as worthy purpose. In spite of a bad cold and possible lingering weariness after his recent rush from South Africa, he has just made a personal tour of England's coal mining region in order to attract his country's attention thereto and make sure of contributed funds for immediate relief imperatively needed by the destitute and starving.

When Judge Van Riper fined the Rev. Elmo L. Bateman of Maplewood, N. J., \$250 for circulating the spurious "truth" of the Knights of Columbus he said that the culprit committed "the meanest type of crime"; he "told an untruth" and "bore false witness against his neighbor." Such plain language must have at least slightly disturbed the self-satisfaction of other reckless zealots as well.

## THAT BODY OF YOURS

BY  
 James W. Barton, M. D.

(Registered in accordance with the Copyright Act.)

### TONSILS.

Perhaps you wonder why I write about the tonsils so often. It is because, as your family physician will tell you, that tonsils that are large but healthy are sometimes removed, whereas tonsils that are dangerous and infective are not disturbed, because they do not appear to be very large.

Now, as you know, tonsils were placed in that body of yours to help filter out poisons, and as long as they are doing this they should not be removed. But when a filter gets "filled up," doesn't really filter, but gives out some of its accumulated poisons to the blood, then it is not an asset but a dangerous liability to the body. In England, there is so much rheumatism and heart disease, that every effort is being made by the government and educational institutions to aid physicians to lessen the number of cases, as aside from the suffering endured these ailments cause a great drain on the resources of the country. Rheumatic or heart patients cannot do much physical work. Now as they find that the tonsils are a big factor in causing above ailments they are instructing the public as to "when" tonsils should be removed.

Dr. A. Priestman, Folkestone, England, says that the tonsils should be removed when there is a combination of deafness, mouthbreathing, and constant inflammation of the nose passages.

Also when there are frequent attacks of tonsillitis. When there is a discharging ear that will not heal up in a month's time, and where there is no other condition of mouth or teeth that may be causing the trouble.

When the tonsils are "pitted" and "ragged" and the child has the white unhealthy appearance due to poison or infection, and is listless and sleepy. Where "common colds" are invariably accompanied by deafness.

Now it is up to your doctor to say when tonsils should come out; so if you are undecided, perhaps the above suggestions will help you to agree to the operation.

It is of course not pleasant to think of your youngster undergoing an operation, but not nearly so unpleasant as the thought that you may be condemning him to be a chronic invalid from rheumatism or organic heart disease.

### TWENTY AND TEN YEARS AGO.

Feb. 8, 1909.—Work on Hudson river ice harvest, stopped by warm spell, resumed.  
 Mrs. John H. Breslin died at her home on East Union street.

Feb. 8, 1918.—The day's casualty list of war department listed Private Bertrand S. Ennis, Private Chauncey Ennis and Private Frank J. Kraus as wounded.  
 Christmas roll call of Ulster County Red Cross showed total of 18,116 members.

Miss Elizabeth Schepmoes and Frank Smith Cunningham married at home of bride's mother on Pearl street.

Miss Hilda S. Orr and William F. Murray married.  
 Jacob H. Dubois died at his home on Emerick street.

## DEFINITIONS

- Rabbit—A metallic alloy.
- Tablets—A small tablet.
- Sheba—Part of Ethiopia.
- Merch—A kind of salamander.
- Dumbbell—Weight for exercise.
- Husband—Head of a household.
- Drug store—Place where drugs are sold.
- Teddies—Herald of Teddy.
- From an Archival Dictionary, in the Kansas City Star.

## ACTIVITIES OF WOMEN

Stam now has a woman licensed as a taxicab driver.

Dr. Amy Shubert Ling, an interne at the Western Pennsylvania hospital, Pittsburgh, is one of the very few of her race practicing medicine in the United States.

The Brooks-Aren foundation, of New York, founded in 1923 by Mrs. Brooks-Aren, is offering \$50,000 in prizes for a new national anthem for the United States.

Jewell Russell is Oklahoma's best woman lawyer, having made the highest marks in the recent bar examinations held at Tulsa, in which 110 law graduates took part.

Dr. Claire E. Owens of Nebraska, blind since she was eight years of age, plans to run for United States senator from her state in the next senatorial election two years hence.

A new national institute has been formed in Italy for the purpose of creating Italian standards of fashion, thus freeing the women of that country from the dictates of Parisian style makers.

Women in England have at last invaded the last stronghold of men, that of secretary of exclusive clubs. Many women already have been installed in that position in numerous of the exclusive men's clubs.

## RANDOM THOUGHTS

Resolutions made once a year are usually kept just that often.

It's dangerous to try to bluff an aviator; he might take you up.

You can check against everything but an overdrawn bank account.

The man who cleaned up in the stock market in 1928 reports a bully time.

Some of the private performances of our movie stars should be censored.

Judging by the criticisms, that prize-winning plan to make the country dry in all wet.

With new oil trials pending, our humorists will supply us with some more crude jokes.

They want a new calendar. But the old one has done pretty well, considering the number of dates that have been broken.

## BUBBLES

In the upper realm—high shoes.

What comes after words—making up.

A cross-word puzzle—how to forget them.

It may be a fig to say "You never can tell."

They often get unstrung over on Bow street.

Is it still filthy here when you make a clean sweep?

Lots of plays seem to get by because of censor nonsense.

No one has leave to say that Eve didn't care a fig about dress.

Many a man has a speaking likeness of a woman shut up in his watch—Exchange.

## ENERGY

The human body is like the storage battery in our radio set.

When our radio set starts growling and complaining, we promptly correct the difficulty by recharging our storage batteries.

Why not apply the same remedy when we ourselves start "growling and complaining" that we are "all in"?

We cannot get more out of our bodies than we put in. If we "charge" our "storage batteries" with plenty of fresh air, healthy food, exercise and sleep, we will seldom feel fatigued.

The individual who is "full of energy" usually has plenty left, even after a hard day's work, and an evening of strenuous play as well.—Exchange.

## HERE'S THE POINT

The only time some men work is when they are laboring under a misapprehension.

Following his arrest a beggar was found to have three wives. Crime and effort.

## Boy Scouts to Rally Saturday

Everything indicates a very successful County Scout Rally to be held at the armory Saturday. If the weather is pleasant, a good time is assured. In the morning at 9:30 the Scouts will relay a message by semaphore from Judge Fowler to the scouts at the armory. Signaling teams will be stationed at various points along the streets. This will be an interesting demonstration.

Clarence Dumm will act as Field Judge and will be assisted by J. J. Flerty, R. M. Van Valkenburg, G. W. Kins, Fred Van Deusen, Rev. G. L. Wilber, H. A. Miner and others. The program is as follows:

9:30 a. m.—Relay of message from Judge Fowler to the armory.  
 10:00 a. m.—Assembly, Armory.  
 10:15 a. m.—Pledge of Allegiance to Flag. Address of welcome to visiting scouts, Mayor Dempsey. Address, B. C. Van Ingen, principal Kingston High School. Address, J. Allen Wood, Chief of Police, Kingston.

11:00 a. m.—Parade.  
 12:00 p. m.—Lunch.  
 1:00 p. m.—Games, stunts and entertainment by Fred Van Deusen.  
 2:00 p. m.—Contests.  
 3:00 p. m.—Dismissal, Retreat.

Everybody is cordially invited to attend and see the scouts in action.

## IGNORER TOWNS RECEIVED SMALL AMOUNT OF STATE AID.

Albany, Feb. 5 (AP)—Investigations having disclosed that poorer towns were receiving a comparatively small amount of state aid while wealthier towns received assistance amounting, in some instances, to several hundred dollars a mile, a sub-committee of Governor Roosevelt's agricultural advisory commission has recommended a reapportionment of state aid to towns for the maintenance of dirt roads.

During a conference yesterday with the legislative agriculture advisory commission, Henry Morgenthau, Jr., chairman of the governor's commission, said that it was the suggestion of his group that no town receive state aid amounting to more than \$50 a mile for dirt road maintenance, but that distribution of the state money be equalized to reach the most needy. The plan, according to the commission, would entail no additional expenditure by the state.

Distribution of a fund which could be raised through a gasoline tax was also discussed by the legislative committee. Three methods were proposed—on the basis of total road mileage in the county, the assessed valuation of the county and the number of automobiles in the county.

The road mileage plan and the county car population plan received the most attention. An argument was presented against the car plan on the ground that counties already receive state aid through this means, namely, the refund to counties of 25 per cent of the amount collected for automobile license fees.

A majority of those attending the meeting supported the mileage method. Poor upstate counties with large road mileage would receive a more direct and beneficial form of aid through this plan than through the other two, it was said.

Use of total road mileage as the basis of distribution was urged by representatives of the New York Farm Bureau Federation, who said that "local roads" had ceased to exist in New York state and that even dirt roads now carried more traffic from outside a given township than from within the territory.

## Old Methods of Fishing

There are many ways of catching fish, but one of the quaintest methods is that revealed by natives to the administrator of New Guinea, on a tour of the territory. At Hatan the natives gave an exhibition of kite fishing for garra. The kites, constructed of pandanus leaf, and shaped like huge birds, are flown from canoes, the motion of which makes the kite's tail skip along the surface of the water. A "spider's" web is attached in which the fish become entangled. Often 50 fish are caught with one kite in a day. The natives also snare fish with drags.

## Oldest Dated Statuette

A jade figure in the Smithsonian Institution is said to be the oldest object found in America. It is known as the Tuxtla statuette. This object was found in the state of Vera Cruz, Mexico. It is carved from jadeite, and represents a birdlike deity with human head. On the front and sides are Maya hieroglyphics, including one corresponding to the date 26 B. C., which makes the Tuxtla statuette the oldest dated monument thus far found in America. The institution has thousands without date which are much older.

## An Army Discharge

Once Awarded a Dog  
 Salem, Ore.—Record of the formal discharge of a dog from the United States army has been found in the adjutant general's office here. The dog was officially mustered out of the service from Company L, Second Oregon Infantry, at San Francisco, August 7, 1900, after having served a year and four months in the Spanish-American war.

The participant in the capture of Manila, April 12, 1900, and several other engagements. He was credited with having "caught chickens for the company when grub was scarce on the Biting River."

## YES AND NO!

By John Cawel

## CATSKILL VIEW HOUSE AT PALENTVILLE SOLD

The Catskill View House at Palenville, one of the best known summer hostilities in the Catskill Mountains, has been sold by Arnold F. Schoen of Saugerties to Louis Bloomberg, a capable and experienced restaurateur, of Brooklyn, N. Y. The transaction was made on Thursday of last week through the real estate agency of Edward Moran of Saugerties.

built by the Dederick family of Palenville half a century ago. Several years ago it was purchased by Mr. Schoen, who renovated the place throughout and introduced several innovations for the entertainment of the guests. Mr. Schoen installed electric lights, running water and modern plumbing. A dam was built across a small stream, running through the property, thus providing one of the best swimming pools in this section. One large barn was made into a dance hall and another barn was repaired and used as a garage, accommodating 10 cars. Croquet and tennis courts also were built. The house proper contains 34 rooms. Mr. Bloomberg's first act as proprietor of the Catskill View House will be the installation of a heating system.

Ask Women Suffrage  
 Lucknow, India.—A deputation of leading feminists of India have submitted a petition to the Simon commission, asking political representation for women.

## HIGH GRADE BUT NOT HIGH PRICED.

When you Entertain—  
 is it a Joy or a Jar?

WHEN you are giving a dinner party, or when an important business friend is coming to your home for the first time—do you look forward to it with pleasant assurance, knowing that your home will make the right impression?

People judge by appearances and with our great variety of attractive, moderate priced furniture to choose from, it is possible for everyone who cares, to create a home which is both correct and beautiful.

Teacher: Would you like to be President of the United States?  
Tommy: No, ma'am.  
Teacher: Why?  
Tommy: There's no future in the job.

The death rate in this country is anything above 45 miles an hour.

A short bus lands and a foreman it knows enough to keep the busmen busy and the latter quiet.

"How much did you owe your mother?" asked Miss Goss.  
"About five," replied the lawyer.  
"She said," Miss Goss said after a moment. "Ah, yes. At least a hundred after all. Oh, don't believe I've seen two women owe thirty dollars with no difference."

One day I asked a lady  
If a bite she'd give to me.  
And then she turned the bulldog loose.  
And he gave me two or three.

The only way to keep the hatchet buried is to put the hammer with it.

Shopping.  
Lady: "I would like to see some gentlemen's ties."

Assistant: "Certainly, madam. For your husband, or would you like a better quality?"

If you want your dreams to come true, don't oversleep.

To enjoy your work put the "you" in youth.

CAN YOU?  
You can't pick a lock with a pickle.  
You can't cure the sick with a sickle.  
Pick flies with a pincen.  
Drive pigs with a pigpen.  
Nor make your watch tick with a tickle.

You can't slacken your gait with a galter.  
You can't get a crate from a crater.  
Catch moles with a molder.  
Bake rolls with a roller.  
But you can get a wall from a waiter.

"I beg your pardon, madam," a patron of the movies bent over and touched the woman in front of him on the shoulder. "But would you mind reading the subtitles in a little louder voice? The organ sometimes prevents me from hearing you."

The rancher beckoned to his foreman. "Jake," he said, "I wish you'd ride to town and get the correct time."

"But I ain't got no watch, boss."

"A watch! A watch! The rancher roared. "What in Sam Hill do you need of a watch? Write it down on a piece of paper, you idiot!"

Be not deceived, law is for the lawyers.

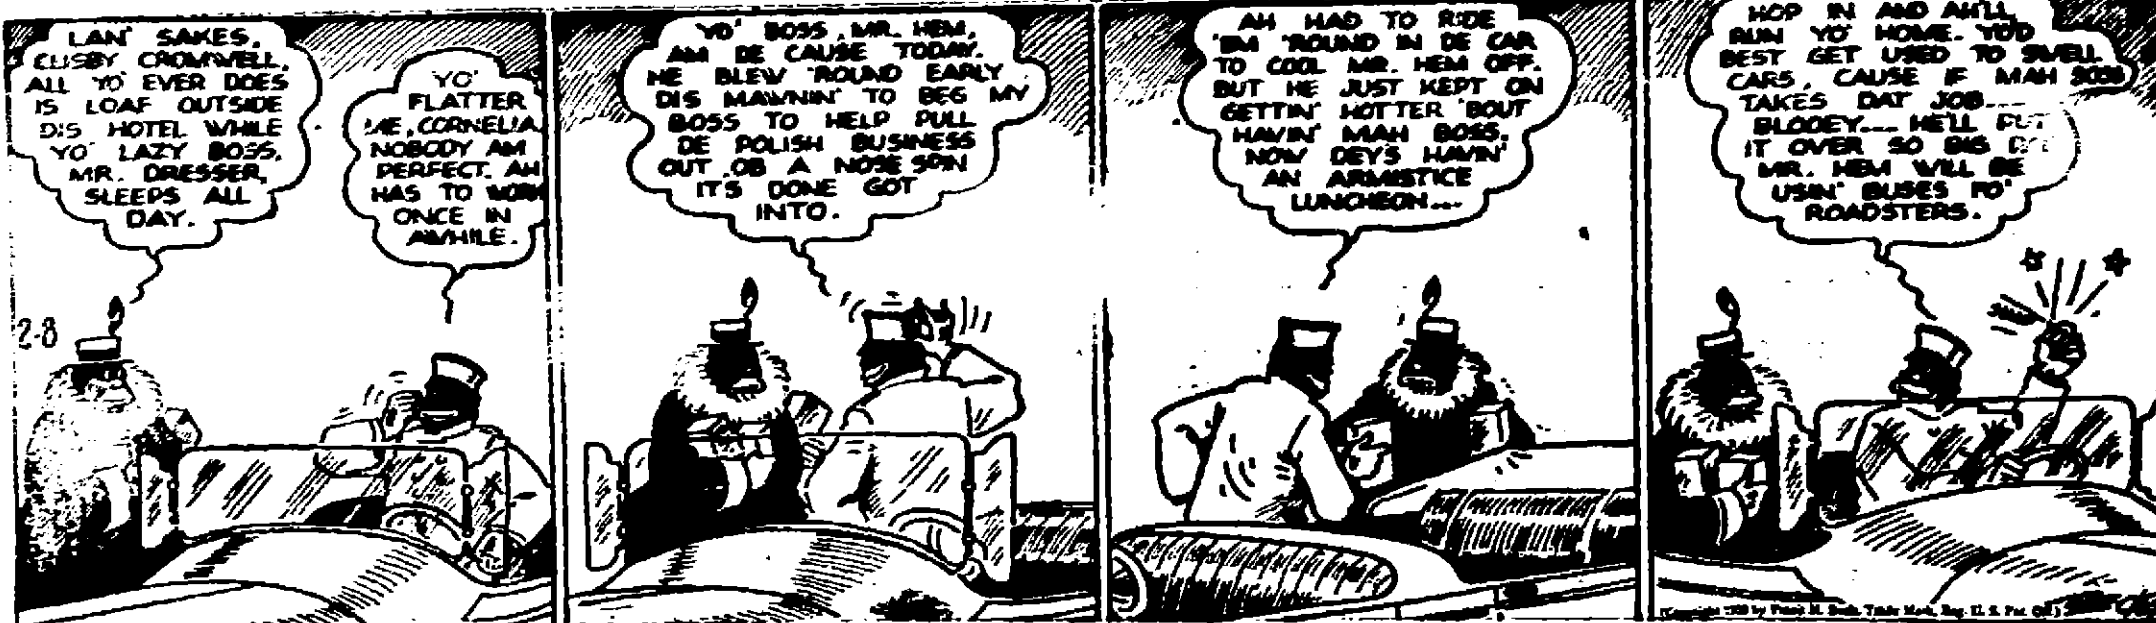

Chances are like kisses; the best ones are often taken, not given.

"The man who would be a leader must never keep the procession waiting."

(Copyright, Office Cat Syndicate, Washington, D. C. and Greensboro, N. C.)

Municipal Judge Watkins of Tampa, Fla. has ruled that a rooster which crows at night is not a menace to health, even if sleepers are awakened.

GAS BUGGIES—Station G. A. R. Again.

HOLD SOCIAL AT

ST. PETER'S HALL.

What always proves to be the greatest social event of the many held throughout the year at St. Peter's School Hall, corner Adams and Pierpont streets, is the grand annual pre-Lenten Social and Masquerade. Each year during the "Fastnacht" season this masque ball is the occasion for much merrymaking amongst the parishioners and their friends just before Lent begins. All the preparations are being made to have a bigger and better social than ever, on next Monday night, February 11. Everyone is cordially invited to attend this affair, and to come costumed so as to be able to contest for prizes which our usual patrons are again so kindly presenting. The banner event of the evening will be a grand march during which the winners of the prizes for the prettiest and most comical costumes will be chosen.

The Imperial orchestra will furnish the music for the evening and for dancing. Refreshments will be served by the ladies of the parish all evening. This year there will be an additional feature in connection with this social in the form of prize-bowling for men and ladies. The members of the bowling clubs are procuring the prizes for which there will be many enthusiasts of this sport to contest. It is expected that all who can bowl will find their way down to the alleys some time during the evening to try their luck and skill.

HOLY NAME OF

ST. PETER'S CHURCH

As February 10 is the second Sunday of the month all the men of St. Peter's parish are expected to receive Holy Communion at one of the morning Masses. The regular monthly Holy Name services, which will be the last of this season, will be held in the evening at 7:30. At this time a talk on some phase of the Christian life will be given by one of the Redemptorist Fathers from Mt. St. Alphonsus; the Holy Name pledge will be renewed and Benediction given. All the men, young and old, married and single, are cordially invited to be present and crowd the center aisles of the church, while the remaining pews are kept for the ladies who are also urged to come to these evening services.

## News From the World on Wheels

The Six "66" is a newcomer to the Durant line. Its outstanding feature is the Durant Special Silent Third and Double High transmission—and it is the lowest priced Six in the world with four forward speeds. This transmission effects a 30 per cent reduction in gasoline and oil consumption and 40 per cent reduction on engine wear owing to the fact that in the most constant driving speed, the engine is turning at a corresponding less number of revolutions per mile of speed. The reduction in vibration is claimed to be such that riding and driving comfort are accordingly increased. In third speed acceleration on level and hills is claimed to be beyond any known records.

That the high priced car no longer enjoys a monopoly of driving comfort is very evident in the 1929 models. Many features formerly found only in cars of the \$4,000 to \$5,000 class are now appearing in the low price field. The new Essex sedan, for example, is equipped with an adjustable front seat which may easily be placed in the position best suited to the stature or inclination of the driver.

The Nash Motors Company reports an increase in shipments for January over 77% greater than for the same month last year.

Optimistic predictions for 1929 were the unanimous opinion expressed by approximately 3,000 Oldsmobile dealers and their executives present at the three largest dealer meetings ever held by the Oldsmobile Company. The third and last meet-

ing was held during the week of the Chicago automobile show. Practically every section east of the Rocky Mountains, and even Alaska, was represented at the meetings. Regardless of the locality, the Oldsmobile dealers expressed confidence that 1929 business would exceed that of last year, which had been the most prosperous twelve-month period they had heretofore experienced. Orders placed by the dealers will require the full output of the material-

ly increased manufacturing schedule set up for this year and will employ all of the enlarged facilities provided by the extensive expansion program completed during 1928, factory officials report.

A plumber who seemed fascinated with Niagara said he was just wondering where to start work.

More new residences were erected in the Third Ward during 1928 than in any other ward in the City of Kingston.

Building Lots and Modern Residences can be purchased at attractive prices and reasonable terms on CLIFTON AVENUE.

## Are You "Hitting On All Six?"

Liver—Stomach—Bowel—  
 Nerve—Brain—Heart—  
 Are They All 100%?

Felix, the human body is just like a good car, everything must be in good working order if you expect to get the best performance out of either.

You can't expect to feel 100% if your liver is out of order, your stomach upset, nerves jumpy or bowels tied up. You must build up your vital forces and you want, weary dependent men and women who have been doctoring for ages trying to get back the vim and endurance of earlier years will be astonished, delighted and amazed to see how quickly strength, energy and vitality come back thru the use of Tanlac.

Go to your druggist now and get a bottle of Tanlac. Millions of folks have started back on the road to youth, health and happiness with this world-famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

Your money back if you are not speedily helped by a fair trial of this world-famous medicine.

## Spectral Wastelands Yield to Magic Hand of Sugar Enterprise

Aroused from the lethargy imposed by a too-abundant nature, Florida's northern Everglades are being developed as a rich land of sugar cane. Fleets of tractors, as above, are tearing through the rank growth that the ages have woven over the black muck, leaving vast acres ready for cane planting operations shown below.

### HIGHLAND

Highland, Feb. 7.—Audiary Club held their meeting and to say it was grand would not half express it. Nearly 50 were present and everyone was cordial and enthusiastic. Business was opened up after devotionals by Mrs. Emma Merritt. Scripture reading, Lord's prayer and unison singing by the club. Mrs. Lorin Overhoulst at the piano. There was much business and everything was satisfactory. "All organizations of the church should link themselves together in an endless chain of love and commence the conference year right. Let all feel that they have something to do. There is money to be raised for you cannot run a church without it. Let all put their shoulder to the wheel; then it will move, as it ought to. Some people lose their heads when undertaking any great thing, but retain themselves and win in the end. All must work together, great victories are not won by a large army, unless they work with their captain. The determining element is 'pluck,' indomitable undaunted courage." Then all will have success.

The social was greatly enjoyed for the genial hostesses had not forgotten the wants of the inner man and had provided a very bountiful repast of hot rolls, tuna fish salad, fruit jelly, pickles, delicious home made cake and coffee which was enjoyed and appreciated. The meeting will be long remembered by all who enjoyed it and they will not lose sight of the genial promoters, Mrs. James Swift, Mrs. Herbert Scholfield, Miss Edith Dickenson and Miss Mattie Dickenson to whom all, as they left, gave expressions of pleasure for courtesies extended.

The hose company held its meeting at the hose house Tuesday evening. The five, drum and bugle corps held a meeting Wednesday evening. Smith's Hall was open for a dance Wednesday evening.

February 14 Rebekah Lodge will have a Valentine social in K. of P. rooms.

Mr. and Mrs. Waterbury have left for Florida. They are making the trip by motor. They will remain there for the rest of the winter.

Mr. and Mrs. William Maynard are the proud parents of a young son. All are doing nicely.

Mrs. DeWitt Clearwater was in Poughkeepsie Thursday visiting Mr. and Mrs. Walter Clearwater.

Sidney Haight of Lloyd was in town Thursday. It seemed good to see him here.

Queen Esther members were entertained at the home of Mrs. Herbert Scholfield for their meeting. There was a fine attendance, "grand eats" and good business attended to.

Mr. Jay Hasbrouck of this place spent some time in Stone Ridge recently with relatives.

Mr. and Mrs. Millard Everett were in attendance at the Shriners' ball in Kingston.

George Cornell is at present confined to the home with an attack of lumbago.

Mr. and Mrs. Edward Rhodes have been in Tarrytown recently visiting their daughter and husband, Mr. and Mrs. Donald Randall.

The Epworth League held a meeting Tuesday evening. Mrs. Swift presided. They will soon hold a food sale and some other activities were talked of.

There will be a clam chowder luncheon February 14, in the M. E. Church parlor from 11:30 till all are served. Mrs. Lorin Schantz is chairman and Mrs. J. Callahan has charge of dining room.

Richard P. Lent was a week-end guest of his parents, Lawyer and Mrs. A. D. Lent, on Grand street.

The Music Study Club met Tuesday at the home of Mrs. F. C. Blakeley. Mrs. G. H. Brown had charge of program.

St. Augustine's Church held a chicken supper in their hall February 5, with dancing after.

Rehearsals for the Easter cantata in the M. E. Church are under way.

Mr. and Mrs. Jesse Oiser of this place were week-end guests of relatives in Monroe.

Mrs. G. W. Pratt entertained the Bridge Club at her home Saturday.

Mr. and Mrs. Harry B. Coutant and Mr. and Mrs. John Parks were in Kingston Saturday for the day, also Harry, Jr.

Mrs. Louise Sheeley was hostess to guests from Ulster Park recently.

The I. O. O. F. held a card party on Thursday evening in K. of P. Hall.

And for every other household purpose you will be assured a dependable, adequate and economical supply of hot water.

The REX PATROL gas water heater will make your home truly modern.

## Comparison at the Motor Shows is Showing the Country

that the new Nash "400" is the only car of all the new cars that afford all these important features as standard equipment... at no extra cost

THE new Nash "400" not only gives you all the important 1929 refinements listed above, but gives them to you without one single cent of extra cost. All motor cars have two prices—the factory (f. o. b.) price, and the delivered price. If the delivered price includes the extras, charged for at retail prices, you'll find your car costing a lot more than you anticipate.

Some dealers (not Nash dealers)

charge as much as \$50 or \$60 for bumpers alone. On the new Nash "400" you'll find every necessary accessory... hydraulic shock absorbers... bumpers, front and rear... event tire locks... installed at the factory... included in the factory price... at no extra cost. That means a very much lower price, delivered, fully equipped. The Nash "400" leads the world in motor car value!

**The New NASH "400"**  
 Leads the World in Motor Car Value

## Congress May Help Fight Rodents and Predatory Animals

The coyote pup and bobcat kitten (lower left) dug from their dens by a paid hunter, are the progeny of predatory animals that harass the livestock producer. At the right is a hunter of predatory animals and two wolves he has killed. The porcupines (upper left) are eating the bark of a pinchberry tree in Michigan.

By FRANK I. WELLER  
(Associated Press Farm Editor.)  
Washington, (AP).—With Secretary Jardine of the department of agriculture back of it, a bill is before congress proposing a 10-year cooperative program of predatory-animal and rodent control and annual appropriations of \$1,375,000 to put it into effect.

For more than 12 years the department, through the biological survey, has been working for the control of predatory animals that are injurious to agriculture, horticulture, forestry, animal husbandry and wild game; and the smaller rodents that feed on growing and stored crops, forest and other nursery stock, and the range grasses that support the farming and livestock industries.

The 10-year program, if enacted, would be concerned with the control of such destroyers of livestock and game as wolves, coyotes, mountain lions, bobcats, and predatory bears; and of such smaller predators as prairie dogs, ground squirrels, pocket gophers, jackrabbits, woodchucks, porcupines, mice, rats, and moles, most of which are called rodents by the scientists. The former, of which the coyote is the most destructive because of his prowess and numbers, is estimated to take an annual toll of \$30,000,000.

The damage of rodents is almost too extensive to calculate. The prairie dog alone will destroy from

25 to 80 per cent of the forage on the range he infests. The common rat, however, is the most destructive rodent.

Complete eradication is not contemplated by the department, an act that it considers neither practicable nor advisable. The plan would make their damage negligible. Present appropriations for the work approximate \$566,000 a year, which would be boosted by \$812,000 under the 10-year program. Cooperative expenditure of funds would continue at the average of about \$2.50 of state funds for every dollar of federal money.

Fifteen years ago stockmen of the west decided the system of offering bounties on predatory animals was ineffective, and then sponsored the present "paid hunter" plan. These hunters, riding their traps and poisoning bait lines, or pushing alone with dog and gun into the wilderness of desert, mountain, and woods, are responsible for the deaths of such animal criminals as the Custer wolf, "Lobo," and Old Three-Toes.

The Custer wolf was taken after nine years of almost supernatural escapes and a reign of terror that gripped livestock and humans alike near Custer, Wyo. "Lobo," the biggest wolf ever killed by the hunters, had followed a career of slaughter that cost cattlemen thousands of dollars. Old Three-Toes was a giant coyote noted for his ferocity and cunning.

### ASHOKAN.

Ashokan, Feb. 7.—Mrs. Olive Cudney gave a card party to a few friends Monday evening. The serving of ice cream and cake concluded the very cheerful occasion.

Alonzo Winne is out after a very serious attack of flu.

Mr. and Mrs. Sam Lifshitz and her mother and their daughter, Jean, are visiting his parents. Proprietor and Mrs. Louie Lifshitz at the general store.

Alonzo Haver, proprietor of the Lake View garage visited Shandaken Tuesday and Lackawack Wednesday. Charles Schipp, mechanic at Ashokan Garage, is at the Chevrolet Mechanic School at Tarrytown.

Mrs. E. R. Kinney and Mrs. Burr T. Elmendorf, Frances and Doris, called on Mrs. Nelson Bell and Chloe Wednesday afternoon.

Fred Haver of Samsonville trans-

acted business at the Lake View garage this week.

Daniel B. Simpson was calling on friends Wednesday.

Mrs. May Bogart, who is spending some time with her sister, Mrs. George Weeks, at Stone Ridge after a short stay with relatives and friends here, left Wednesday for a visit with Mr. and Mrs. Kiah Reynolds at Gardnertown.

Harry Braithwaite of Shokan is engaged at the office and salesroom of the Ashokan Garage.

Mrs. Lyman Smith is entertaining her sister this week.

Frank Jones and Virginia Cudney are attending high school in Kingston.

Esther Winkoop is visiting relatives and friends at Kerhonkson.

Herman Morris has ordered a Chevrolet landau of Chester Lyons and will go to Tarrytown to drive it home Monday.

CASCADE TUNNEL  
BREAKS RECORDSBox Through Washington  
Mountains Is Longest  
in America.Giant Cascade Tunnel  
Ranks Fifth in Length

Among the world's other tunnel projects, the new Cascade bore ranks fifth in length, those exceeding it being in Europe. The world's longest bores are:

Simplex, 65,734 feet (12.4 miles).  
 St. Gothard, 46,593 feet (8.26 miles).  
 Loetschberg, 47,955 feet (8.93 miles).  
 Mont Cenis, 42,150 feet (7.97 miles).  
 New Cascade, 41,142 feet (7.79 miles).  
 Moffatt, 30,500 feet (6.40 miles).  
 Rogers Pass, 37,540 feet (6.11 miles).

Scenic, Wash.—When a railroad wants an eight-mile tunnel built in three years records have to be shattered. Hard-bitten pneumatic drill men and horn-handed muckers are looking for new jobs after three years' work in constructing the Cascade bore.

It was three years ago that the Great Northern directors voted to spend \$14,000,000 building a tunnel that would eliminate six miles of costly snowsheds, lower the summit of the line 502 feet and discard 1,044 degrees of track curvature. They decided also they wanted it in three years.

In addition to the construction of the tunnel the Great Northern has relocated all but seven miles of the former 50-mile route over the Cascades and the electrification of the 75 miles of line between Wenatchee and Skykomish, which includes the new tunnel. Altogether the project will cost \$15,000,000.

America's Longest Tunnel.  
 On December 28, 1925, contractors started tunneling operations. On October 20, 1928, there was a continuous bore and today the finished tunnel, 7.97 miles long, lined with 250,000 cubic yards of concrete, is in use by passenger, mail and freight trains, pulled by mighty electric locomotives.

Between these two dates more records were smashed than in a modern Olympiad. The finished tunnel, longest in America, nearly two miles more in length than the recently completed Moffatt bore in Colorado, was drilled by twice the yearly mileage and will show a completed job, as compared with huddled tunnels of comparable lengths through the European Alps, that took seven to fourteen years.

Drilling crews in the Cascades established a world's record when they excavated 984 feet of the 26 by 18 feet bore in September, 1928. Then in June, 1927, this feat was outdone when 1,104 feet were tunneled during 31 days' work.

The secret of the rapid progress rested with the new plan of drilling a "pioneer" tunnel, paralleling the route of the main bore. From this auxiliary tunnel drifts were run at seven points to the route of the main bore, permitting 1,703 men to work simultaneously. All rock and debris from the big tunnel were removed through the pioneer while concrete workers

followed closely behind the completed cut.

Straight as a Needle.

The old railroad line between Seattle and Borne, the east portal, was 18 miles long. Coming from Borne, a train had to climb 1,225 feet, pass through six tunnels and six miles of snow sheds. Five of the tunnels were short, the sixth almost three miles long. Once reaching the summit of the road, the train descended into Seattle, 500 feet in a few miles, almost as hard as the locomotives as pulling up to the top. The weight of a railroad train runs into enormous tonnage and to drag up or hold back on mountain grades is a Herculean feat; it costs money, too. The climb is not all the new tunnels saves. If all the old curves were added together they would form just six complete circles, while this new tunnel is as straight as a needle.

The longest railroad tunnel already built in the western hemisphere is the Rogers Pass bore, about six and one-half miles long, on the Canadian Pacific. The new tunnel now ready for through service is one mile longer and large enough for double-tracking facilities. Besides it is the only large tunnel in the world electrified.

State Gets Old Roadbed.

While the railroad intends to abandon its old mountain trackage, the famous roadbeds, surveyed in 1890, have been donated to the State of

mine applied with the utmost skill through the most modern machinery characterized the whole project.

What took place in one pioneer heading is typical of the activity at all of the many faces. The cycle of the various operations which followed in regular sequence from the moment that the drills were started against a new face of rock until they were again ready to drill the succeeding face, constituted a round, each round accomplishing an advance of eight feet.

Delays Eliminated.

Five rounds in twenty-four hours was the objective which was considered a perfect score. This would be a total progress of 1,200 feet in a month. A loss of one minute a round in the pioneer would mean a delay of forty Washington Highway commission, for use as summer scenic automobile routes. All bridges and trestles will be repaired and altered to care for motor travel providing one of the most stupendous mountain highways in the Far West.

In winter months the roads, buried under deep snow, will be useless unless some method can be devised to keep them clean of drifts, something the railroad, with all its capital and facilities, found difficult to accomplish.

Virtually all of the work was done by machinery and skilled workmen.

Electricity, compressed air and dynamo

hours in the completion of the tunnel, so the great problem was to cut down delays.

A typical cycle for one round in the pioneer tunnel consumed about four hours and forty minutes in the various parts. For instance, on August 28, 1926, at 7:10 in the morning the shifter threw in the firing switch detonating 185 pounds of 80 per cent gelatin. For twenty-seven minutes approximately 8,000 cubic feet of air a minute were discharged at the face to clear away the gases so men could return to work. During the following thirty-eight minutes the shift of 16 men brought up the mucking machine, cleaned up the 32-rock and replaced the electric light and compressed air lines. Then for one hour and twenty-two minutes the mucking machine loaded out the round in fifty cubic feet capacity cars at the rate of three minutes a car.

After the blasted rock was removed thirty-eight minutes were occupied in taking the mucking machine back to a place of safety and bringing up the drill carriage on which were mounted four drills, each manned by a driller and his helper.

Drill 28 Holes in Hour and 17 Minutes.

The drilling time for twenty-eight holes, which averaged eight and one-half feet in depth, occupied the next hour and seventeen minutes.

During the drilling time a wooden body insulated powder car was

brought to the face with the exact amount of dynamite and primers required for one round. While part of the drill crew removed the drill carriage the balance of them loaded the holes, this operation requiring thirteen minutes. When the holes had been loaded and the leads of the electric blasting caps connected up, the electrician, who was a member of the drilling crew, tested the exploder circuit separately, after which the shifter, who was the last man to leave the face, connected the exploder circuit to the firing line.

As he retreated in the tunnel he closed a safety switch in the firing line about 300 feet from the face, and when he had reached the next crosscut, where the locked firing switch was located, he unlocked it and fired the blast at 11:50 a. m., a total elapsed time of four hours and forty minutes.

Following this same general plan of close synchronization, all the other operations at the tunnel went on continuously day and night, including Sundays and holidays, and in spite of encountering water reaching at times a flow of 10,000 gallons a minute, not a single eight-hour shift was lost during the entire construction period.

"I don't mind having 'rings on my fingers,'" he said, as he limped from the dance, "but hang me if I can stand 'belles on my toes!'"

## Holiday Mail Service Here

Next Tuesday—Lincoln's Birthday—will be observed as a half holiday by the post office department and all windows in both the central office and the two stations will close at noon. There will be no afternoon delivery of mail, and the lobbies of the offices will be open all day for the convenience of box holders.

Washington's Birthday, February 22, will be observed by the post office department as an absolute holiday and there will be no delivery of mail and no windows will be open in any of the offices. The lobbies, however, will remain open all day for the convenience of the box holders.

## FATE OF ARTHUR LEONARD IN HANDS OF JURY

Towanda, Pa., Feb. 8 (AP)—The fate of Arthur Leonard, 22, accused of murdering Mrs. Juanita Jones last December 4, rested in the hands of the jury this afternoon. The defense asked that a verdict of acquittal be rendered on the grounds of insanity.

The commonwealth closed its address with a plea for a first degree murder verdict because several witnesses who had known Leonard for some time testified that he had told them he "would get even with Mrs. Jones for the wrong she had done him."

## JAPANESE UNDEFEATED IN MILLARD TOURNEY

New York, Feb. 8 (AP)—Kinsley Matsuyama stood today as the only undefeated contestant in the world's championship billiard tournament. Matsuyama, 22, of the Little Japan Club, won his eighth straight match, defeating the Englishman, Fred Davis, 2-0.

Matsuyama's record of 247, highest of the tournament last night, Hagelacher, 22, of the Little Japan Club, won his eighth straight match, defeating the Englishman, Fred Davis, 2-0.

With seven of the 15 matches already played Matsuyama now leads the tournament with two victories and one defeat. The runner-up in the tournament is the Englishman, Fred Davis, who has won two matches and lost two.

The tournament is being held at the Little Japan Club, 100 West 12th St., New York City. The winner will receive a \$1,000 prize and a trophy.

## De Valera Gets Month in Jail

Belfast, Northern Ireland, Feb. 8 (AP)—Eamon De Valera, noted Irish Republican leader, was sentenced today to one month's imprisonment for attempting to enter northern Ireland in contravention of an order of seven years' standing.

The magistrate in sentencing the leader of the opposition in the Irish Free State said that De Valera was really trying to flout the law of Ulster.

De Valera was arrested on Tuesday while attempting to enter Ulster in order to open the Gaelic Bazaar in Belfast. He was taken from the Dublin train by the Ulster police at Newry and was held in jail until today's hearing.

When De Valera was brought from the prison to face the charge of contravening the civil authorities act, he found a crowded courtroom awaiting him. He came in the prison van with an escort of armed police.

In answering the questions put to him by the magistrates, the Republican leader used Gaelic.

De Valera was brought from the prison to face the charge of contravening the civil authorities act, he found a crowded courtroom awaiting him. He came in the prison van with an escort of armed police.

## Market for Fruits And Vegetables

New York, Feb. 8 (AP)—(State Department of Agriculture and Markets.)

The New York city wholesale market on yellow onions was rather dull today. Receipts were moderate for fair supplies were on hand from previous arrivals. Recent carlot business on very finest yellows from the middlewest was reported as high as \$5.30 per 100-pound sack.

A recent report states that Egypt's onion crop this season will be fairly large and exports may be between 3,500,000 and 3,750,000 sacks. Last season's exports totaled about 4,000,000 sacks and in 1927 between 2,500,000 and 3,000,000.

White potatoes were plentiful. Trading was slow and values tended downward in a weak and sluggish market. At most railroad terminals in Manhattan and Brooklyn jobbing sales on Maine Green Mountain potatoes in bulk were at \$2.25 @ \$2.50, occasionally higher on some extra fancy, per 100 pounds. New crop potatoes from Bermuda peddled out at \$3.50 @ \$4.00 per double headed barrel for No. 1 stock.

Arrivals of western New York carrots were light. The market ruled rather dull with the demand slow. Muckland or upland carrots washed and packed in bushel baskets jobbed out at \$2 @ \$2.25. One year ago New York state washed carrots realized \$1 @ \$1.25.

Receipts of old crop cabbage from upstate New York were light. The demand was limited and the market continued dull. White Danish in bulk changed hands at \$45 @ \$50 per ton. Little activity was noted on southern new crop stock. The demand was poor and one and one-half bushel hampers of various white varieties from Florida sold principally at \$1 @ \$1.25.

Shipments of old crop cabbage for the entire country last week totaled 222 cars, against 239 for the corresponding week last season. Movement of new crop stock last week amounted to 483 cars, compared with 407 one year ago.

## Search For William H. Lee

Yonkers, N. Y., Feb. 8 (AP)—Police of New York and nearby states were asked today to look for William H. Lee, 35, of this city, who disappeared while on the way from his home to his business a few blocks away. No one has been found who saw Mr. Lee after he left his home. As he complained of severe headaches after a fall he suffered last week it is thought he may be a victim of amnesia.

## STOCK EXCHANGE AND MARKET CLOSED SATURDAY

New York, Feb. 8 (AP)—The Stock Exchange and the cash market will be closed tomorrow. The reason assigned by exchange officials is the brokers' clerical staffs, crippled by influenza, must catch up with their work.

Announcement of the suspension of trading was made at the close of the market yesterday.

## FUNERAL SERVICES FOR QUEEN MARIA CHRISTINA

Madrid, Feb. 8 (AP)—While all Madrid mourned the body of Queen Mother Maria Christina of Spain, who died Wednesday, was interred today in a tomb close to that of her husband, Alfonso XII, in the monastery of the Escorial.

From early morning great crowds had assembled in the neighborhood of the royal palace and along the streets leading to the northern station, from which the body was sent to the Escorial. All business houses were closed.

Only the palace personnel and other officials made up the main funeral cortege, which was flanked by officers in full uniform. Behind this main procession marched or rode many private delegations. At the railroad station Premier Primo de Rivera, members of his government and the diplomatic corps in full uniforms stood by while the coffin was placed upon the train. An artillery salute was fired.

The Maria Christina cavalry regiment, of which the Queen Mother was honorary colonel, furnished the guard of honor from the Escorial station to the pantheon of Spanish kings, where the interment was made.

King Alfonso, son of the Queen Mother, and Queen Victoria, took part in the ceremony. The station was so crowded awaiting the arrival of the body. Within the basilica of the monastery was a platform covered by a rich funeral mantle, the same one which was used at the funeral of King Alfonso XII.

## A False Alarm

A false alarm called out the city firemen at 12 o'clock midnight Thursday to Box 214, from where the alarm was sounded. The firemen were unable to find any fire or any reason for sending it in.

## ANOTHER TABLE EXPECTED TO BECOME FAMOUS

Fort Myers, Fla., Feb. 8 (AP)—There is every indication that a certain little table here eventually will become famous as the work bench of Thomas A. Edison and Henry Ford.

Mr. Edison is using the table in his experiments in search of a domestic rubber supply. Mr. Ford, who arrived at his winter home here yesterday, will share it in experimental work about which there was some secret, although it is believed he expects to work out plans for the improvement of aircraft.

Mr. Ford successfully eluded a throng of townspeople on his arrival yesterday and hurried on foot to the Edison workshop where he welcomed his old friend and former employer. The two exchanged greetings and then strolled about the ten-acre rubber plantation where Mr. Edison is growing many varieties of plants.

The Ford and Edison winter estates here are separated only by a river, and the automobile manufacturer is expected to spend some time each day at the bench in the Edison workshop.

## AD SINGER MEETS HUB TAYLOR TONIGHT

New York, Feb. 8 (AP)—Al Singer, young New Yorker, and Bud Taylor, the blonde terror from Terre Haute, battle 10 rounds at Madison Square Garden tonight in the second round of a featherweight elimination tournament designed to find a challenger for Andre Rouss, the titleholder.

The survivor of tonight's fight is to meet Tony Canzoneri for the right to face Rouss in a championship test. Canzoneri, former holder of the 126-pound crown, passed his first elimination examination Wednesday night when he knocked out Joey Sangor. Singer has been established a 2 to 1 favorite over Taylor.

## TO MAKE WORLD COMPETITIVE TOUR

Vancouver, B. C., Feb. 8 (AP)—A dispatch to the Vancouver province says that Percy Williams, Jimmy Ball, Johnny Fitzpatrick and Phil Edwards, all members of the last Canadian Olympic team, are to make a world competitive tour.

Under present plans the four are to appear in Germany, Finland, Sweden, France and England and then leave with D. G. A. Lowe, of England, Olympic 200-meter champion, for South Africa.

## Ellis Woodworth Dies

Tampa, Feb. 8 (AP)—Ellis Woodworth, 66, former California newspaper publisher and long active in Democratic circles in New York and Florida, died here last night after a short illness.

## MOTHER GRAY'S SWEET POWDERS

FOR CHILDREN  
A testimonial from a lady in California, whose name will be given if requested.

"I have been using Mother Gray's Powders for 15 years and all my friends and neighbors say that they are just now during the winter. They are fine for checking the skin. In 1911 I had them by the dozen boxes in Imperial Valley in a friend who was nursing down there during the 'The Children who are troubled with constipation, feverishness, bowel trouble or take cold easily, get quick relief from these powders that Mothers have recommended for over 30 years."

## Race and Religion Warfare in India

Bombay, India, Feb. 8 (AP)—Forty-one persons killed and 245 wounded of whom many may die, appeared today to be the total of casualties during five days of Hindu-Muslim rioting here.

Arrival of additional reinforcements of troops has reassured the community somewhat and allayed fears of continuation of the rioting. Today the soldiers could be seen everywhere. Looting and burning spread about the city streets. Strong machine gun parties were posted behind sandbag barricades at various strategic points.

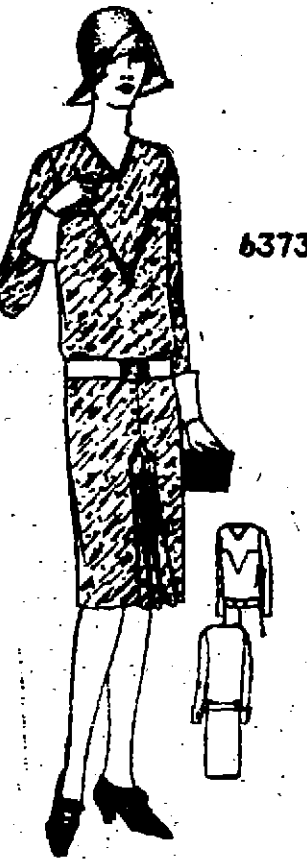

In an effort to bring about peace between the warring elements the leaders in the Hindu and Muslim communities accompanied by members of the municipal government visited the disturbed areas Thursday. Later at a meeting with influential citizens they formed a central executive committee to organize peace measures. These measures included appointment of peace committees for various districts of the city.

**Samoa Tattooing**  
The art of tattooing still flourishes in the Samoa Islands where the natives tattoo their bodies from the hips to the knees. A tattooer's profession is very lucrative. His instruments resemble combs, and are made of human bones of different sizes. The operation takes from two to three months, during which time a patient remains in the same retired place. All this time the relatives of the young person bring meat, money and food, but if the quantity does not suit the tattooer, he "goes on strike," refusing to proceed until sufficient liberality is displayed. The requisite gifts are sure to be brought, for no Samoa could endure going half tattooed.

Paris  
On American had ordered Worth's chiffon dancing dress called "If I dared" as I jotted it down in my notebook. The original is black with incrustations of flesh at the neckline. The American girl ordered it in two tones of rose pink & deeper shade of flowers.

## OUR DAILY PATTERN.

## A Youthful Model.

6373. Silk tweed, or any of the new rayon dress weaves may be used for this unique design. A yoke shaped in a deep point over the center is joined to the front of the blouse waist. Attractive fullness is expressed in the skirt in the form of a flare godet, above which a buttoned closing is simulated. The back of the skirt has no fulness below the blousing of the waist. The fitted sleeve may be finished with or without the gauntlet cuff.

The Pattern for this smart style is cut in 3 sizes: 16, 18, and 20 years. To make the Dress for an 18 year also will require 2 1/2 yards of 54 inch material if made with cuffs. Without cuffs 1/4 yard less is required. To face belt and cuffs with contrasting material will require 1/4 yard. The width of the dress at the lower edge with fulness extended is 1 1/2 yard.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

## Fashion Book Notes.

Send 15c in coin or stamps to The Freeman for our up-to-date Fall and Winter 1928 Book of Fashions showing color plates, and containing 500 designs of ladies', misses' and children's patterns, a complete and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various simple stitches), all valuable hints to the home dressmaker.

## RIFTON.

Rifton, Feb. 7.—On Tuesday evening the Happy Six Pinocle Club of Rifton gathered at the home of Mrs. E. Schmitt on Schmitt's Heights and a very pleasant evening was spent. The prize was awarded to Mrs. Fred Toke.

Haywood Eckert has secured a position at the Hercules Powder Plant of Port Ewen.

Mrs. George Stern has returned to Schmitt's Heights after spending a week in New York City.

Mr. McGowan and William Rutledge of Kingston spent Sunday with Mrs. Kida and family.

Charles Kida and family who have been confined to their home for the past two weeks, are all able to be out again.

Robert and Eugene Schmitt recently purchased a microphone and are taking lessons from a teacher in Kingston.

Oscar Murphy has purchased a new Dodge sedan.

Richard Turpin is filling his ice house with ice from Friedman's Lake.

George Lewis is now at New York working with his father as an actor on a tour.

The teachers of the Rifton schools are now preparing for their annual entertainment to be held in the Rifton Hall.

## ELEANOR GUNN ON FASHIONS

The Fur Jacket—Becomes An Early Spring Possibility.

New York—If there were any lingering doubt in the minds of the style conscious that jackets were not

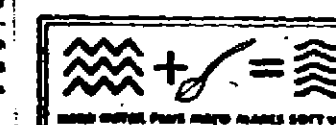

Costume Developed in Confetti Dotted Silk Crepe, the Jacket Affected Brown Velveteen. The Jacket Buttons to the Chin, If Desired, Jaunty Bows on the Frock After the Most Approved Manner.

(Copyright, 1929, by Fairchild.)

to live up to expectations, this doubt must be dispelled by the reports coming in daily from smart resorts north and south.

The cardigan idea, a version of the

lacked there, goes jauntily on its way in new fabrics including printed flannels and cottons and the separate jacket may be one of any number of materials not exclusive of fur or velvet.

The fact that furs are now obtainable not only in light colors but in light weights paved the way for the fur jacket for early spring at least. Dressed in it is given the most desirable look in which to appear in the spring season for those who seem about to be reclaimed and is dyed in various tones—some of which are very dark. There is of course some experimenting being done by furriers in the combination of furs even in jacket length while it goes without saying that furs invariably are in contrast to the clothes they trim.

Wales and middie blue are two new members of the blue family to have their reception by society assured. Middie blue, slightly lighter than navy, is given by several smart establishments as the most important color for the separate coat.

## 50 More Arrests.

New York, Feb. 8 (AP).—Fifty arrests were made this morning at the start of the third day of a strike in the garment industry called by the recently organized Needle Trades Workers Union, a left wing organization opposing the American Federation of Labor. The arrest of 77 persons yesterday apparently had little effect on efforts at mass picketing in the crowded garment center. Today's prisoners, most of them women, were taken into custody on disorderly conduct charges after ignoring police orders to disperse.

St. John's Food Sale. The ladies of the Women's Auxiliary of St. John's Church will hold a food sale at the Van Wagenen store on Wall street on Saturday afternoon at 1:30 o'clock. All sorts of good home-made food stuffs will be for sale.

## Dance at High Falls.

There will be a dance this evening at St. John's parish house, High Falls. Music will be furnished by Malsenbender's orchestra.

## BUSINESS NOTICES

PRACTICAL PAINTER & PAPERHANGER. Workmanship and material guaranteed. HARRY J. VIAUD, Port Jervis, N. Y. Phone 505-M.

## Financial and Commercial

New York, Feb. 8 (AP).—Further unsettlement developed in today's stock market when banks called \$49,444,444 in loans and sent the call money rate from 5 to 7 per cent. Early recoveries of 2 to 14 points in several of the high-priced specialties were cut down or wiped out, and a long list of issues sagged one to 5 points below yesterday's final quotations. Trading was only moderately heavy.

Heavy calling of loans was believed to be for the account of out of town banks, and to have been inspired by the Federal Reserve board's recent criticism of the excessive use of credit for speculative purposes. Brokers' quotations for the account of these institutions reached a new high total of \$1,521,000,000 on February 8 and comprised a large proportion of the week's gain of \$110,000,000 in brokers' borrowings.

Some uneasiness also was apparent over the calling of a special meeting for Monday of directors of the New York Federal Reserve Bank. Many observers fear an increase in the rediscount rate at that time.

Copper shares showed conspicuous strength on buying influenced by the further rise in the price of domestic copper. American Smelting, American Metals, Kennecott & Calumet and Arizona selling 2 or more points higher.

Equipment shares responded to the announcement of a gain in car and locomotive orders in January. Union Tank Car rising 6 points to a new high of 137.

International Combustion and Vanadium were pushed into new high ground on a revival of pool activity in those issues.

In the generally accepted market leaders broke below the low levels established in yesterday's drastic shake-out. These included American Telephone, U. S. Steel common, General Motors, Montgomery Ward, Curtiss Aeroplane, Union Carbide, Atchafalpa, Southern Railway and Chesapeake and Ohio.

Allied Chemical, which recently scored a spectacular advance on the prospects of an early stock split up, fell back nearly 8 points below last night's close, and Otis Elevator, Adams Express, Goodrich Rubber, Chrysler, St. Joseph Lead and Safeway Stores sold down 3 to 5 points.

With a stock exchange holiday ordered for tomorrow to give the depleted staffs of brokerage houses a rest, week-end profit-taking was in unusually heavy volume today.

Quotations given by Parker McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York city, branch office, Stuyvesant Hotel.

## Society Notes

## Middletown at Tea.

The hostesses at the Junior League Tea to be held on Saturday afternoon from four to six o'clock at the Junior League headquarters on Wall street, will be Mrs. E. E. Lovett and Miss Emily D. B. Mossratt.

## Engagement Announced.

Ellenville, Feb. 8.—Mrs. C. D. Divine entertained a number of friends at a luncheon at her home on Wednesday when occasion the engagement of her daughter, Millicent, to Robert W. Keeler was announced. Cole-Sutherland.

## On Saturday Evening, February 2.

Laurel B. Cole of 47 Abert street, Kingston, and Frances C. Sutherland of 6 Fairview avenue, Catskill, were united in marriage at the parsonage of the M. E. Church of Catskill by the Rev. George O. Wiley. The attendants were Mrs. Paul St. Ours and Miss Beulah E. Cole of Kingston.

## College Women's Club.

The regular meeting of the Kingston College Women's Club will be held on Tuesday evening, February 12, at 7:45 o'clock at the Huntington, the Misses Fuller, Manning and Noone being the hostesses. The speaker will be a student from Sara Lawrence Junior College. If there are members of the club who will be unable to attend the meeting they are asked to telephone 2911.

## Rosedale-Robbins.

Ellenville, Feb. 8.—George Rosenthal, son of Mr. and Mrs. Emil Rosenthal of this village and Miss Martha Robbins of New York city were united in marriage at the University Synagogue in New York city on Sunday. The groom, who was a student in the Ellenville High School, is at present employed by the Metropolitan Co. in New York city. The couple will make their home in New York city on their return from a honeymoon spent at Lakewood, N. J.

## Hurt Van Derzee.

On Wednesday, February 6, at 2:30 p. m., Mrs. Cecilia Van Derzee, widow of the late Howard Van Derzee of 23 Green street, this city, became the bride of John B. Hurt of 34 Cottage street, Newark, N. J. The ceremony took place at 94 Ferry street, residence of Mr. and Mrs. James B. Ray, and was performed by the Rev. E. O. Clarke. Among the guests present were Mr. and Mrs. James B. Ray and daughter, Janet, Mrs. Beatrice Fitzgerald, Mrs. Anna Fitzgerald and Mrs. Thomas Van Derzee, close friends of the bride and groom. Mr. and Mrs. Hurt will make their home at 34 Cottage street, Newark, N. J., for which they left immediately after the ceremony.

## A Surprise Party.

Wednesday evening a very delightful surprise party was given Miss Margaret Downing at her home on Yarmouth street in honor of her sixteenth birthday. A buffet luncheon was served, the center piece being a large black bottom cake lighted by six candles. Games and novelty dancing were enjoyed by the little folks. Those present were the Misses Cecelia Cullen, Marie Harry, Evelyn Harry, Edith Peterson, Marie Murray, Margaret Oberkisch, Margaret Downings and the Messrs. Charles Edward and Arthur Dero, Charles Edward and Robert Synthe, Frank Short, William Scaddi, Arthur Clarke, Charles Hoehling, Mr. and Mrs. N. Scaddi, Mr. and Mrs. George Dero, Mrs. Hattie Synthe, Mrs. Mary Oberkisch.

## Booth-Doolittle.

Ellenville, Feb. 8.—Harold Booth of this village and Miss Irene Doolittle, daughter of Mr. and Mrs. George Doolittle, of Kingston, were married on Saturday afternoon at the home of Mr. and Mrs. Roy Griffin. The Rev. George Hatt, of St. John's Memorial Church, performed the ceremony. Miss Thelma Clearwater of Crook Lake was maid of honor, and William Booth, brother of the groom, acted as best man. Mrs. Francis Bishop of Woodstock was also present at the ceremony. The bride was employed at the local telephone office during the past summer and at present is secretary to Dr. Walter N. Thayer, Jr., superintendent of the institution for defective delinquents at Nanapanoch. The groom is employed in the First National Bank. Mr. and Mrs. Booth spent their honeymoon in New York city and will make their home in Ellenville.

## Neff-Bush.

Miss Margaret Hazel Bush, daughter of Mr. and Mrs. David H. Bush of 240 West Chestnut street, and Wilford Neff, son of Mr. and Mrs. Henry Neff of Kyrwick, were united in marriage on Thursday afternoon at 2 o'clock in St. Mary's Church by the Rev. William H. Kennedy, assisted by the Rev. John DeKrom. The bride was very charming, gowned in pink with picture hat to match and she carried a bouquet of white bride's roses. She was attended by her sister, Miss Jean Bush, who was gowned in white with picture hat to match and carried pink roses. The best man was Louis Neff, a brother of the groom. Following the ceremony at the church the bridal party and the members of the immediate families went to the Governor Clinton Hotel where a reception was held. Later in the afternoon Mr. and Mrs. Neff left on a wedding trip to Washington, D. C. and other points of interest in the south. Upon their return they will reside in Kyrwick. The bride was the recipient of many valuable and artistic gifts, including home silver, china, silverware, linen and money. She is a registered nurse, a graduate of the Nurses' Training School at the Benedictine Hospital. The groom is a member of the First National Insurance Company of this city. Both he and his bride are very popular young folks and they have the well wishes of a wide circle of friends.

## B. A. R. February Meeting.

The February meeting of Willywick Chapter, D. A. R. was held at the chapter home on Thursday afternoon with a guest number present. The report, Mrs. Van Wagenen, presented before the chapter. Mrs. A. R. Neff, comb, of Manor Lake. Suitable run-

olutions on the death of Miss Harriet Case were offered and acted upon. The February lesson on the American Flag was read. A letter was read from the Anne Hathaway Chapter, Worcester, a resolution adopted by that chapter relative to the Communist movement in the schools of our country which succeeded in having repealed the requirement that teachers in our public schools be obliged to give allegiance to the United States flag. The resolution called for the re-enforcement of the oath of allegiance on the part of our teachers, and asked for similar action on the part of Willywick Chapter.

Mrs. Van Ingen, chairman of the National Defense Committee of the local chapter, who read the letter, was instructed to answer the same favorably.

The Americanization Committee reported 42 new citizens received in the community.

The afternoon's special program opened with three charming old songs, sung by Miss Harriet Spink, accompanied by Miss Anderson. The songs were "Clorinda", "To an Old Minstrel" and "Those Endearing Young Charms".

The speaker for the afternoon was Principal Van Ingen, of the Kingston High School, who told very interestingly, vividly and informally of his recent visit to Alaska, closing his remarks with a quotation from Robert Service's "Spell of the Yukon".

After the address, Miss Spink sang again to the gratification of all, "Love is in My Heart".

The hostesses at the social hour which followed were Mrs. George Honness and Miss Ellen Van Slyke.

## Local Death Record

## First Robin of Year.

Rochester, Feb. 8 (AP).—The first robin of the year, sans wraps and galoshes was reported at the Country Club of Rochester today by employees.

## DIED.

BIGLER—Entered into rest Thursday, February 7, 1929, Barbara Brown, beloved wife of Walter Bigler and loving mother of John, Daniel, George, Herman and Sebastian Bigler and Mrs. Oscar J. LeFever and Mrs. William Leonard.

Relatives and friends are invited to attend the funeral from the late home at Connelly Saturday afternoon at 2 o'clock. Interment in the family plot in Port Ewen cemetery.

CAHILL—Entered into rest, Thursday, February 7, 1929, Isabella Hunter, wife of William P. Cahill. Body resting in N. D. J. Murphy Funeral Home. Funeral notice later.

CARL—In this city, at residence, 26 Linderman avenue, February 7, 1929, Lucinda Williams, wife of the late Herbert Carl. Funeral and interment private.

GARDNER—In this city, February 8, 1929, Christian E. Gardner. Funeral services will be held at the home of his daughter, Mrs. Clinton Gibbs, 112 Farrelly street, Monday. Time to be announced later. Relatives and friends are invited. Interment in Woodstock cemetery.

HOLMES—In this city, February 6, 1929, Arthur W. Holmes. Funeral services will be held at THE FUNERAL HOME, 167 Tremper avenue, Saturday at 2:30 p. m. Relatives and friends are invited. Interment in Montrose cemetery.

RONDOU LODGE, No. 343, F. AND A. M. The members of this lodge are requested to meet at the funeral home of W. C. Kakuk, 147 Tremper avenue, on Friday evening, February 8, at 8 o'clock, at which time a Masonic funeral service will be held over the remains of our late Brother Arthur W. Holmes.

All Master Masons are invited. ROBERT G. GROVES, Master. ALFRED W. TONGUE, Secretary.

KELLY—In this city Friday, February 8, 1929, Carrie Wolven, widow of the late Bernard Kelly and loving mother of Edna and sister of Mrs. Minnie Jackson. Funeral services will be held from her late home, 300 Clifton avenue, on Monday afternoon at 2:30 p. m. Relatives and friends are invited to attend. Interment in the family plot in Willywick cemetery.

MURPHY—At Newark, N. Y., February 6, 1929, Anna Marie, beloved daughter of Edward and Louise Trice Murphy. Funeral from her late residence, 12 Newkirk avenue, this city, Saturday morning at 8:30 and at St. Mary's Church at 9 o'clock, where a requiem Mass will be offered for the repose of her soul. Interment in the family plot in St. Peter's cemetery.

SWIFT—Entered into rest at Tilton, Friday, February 8, 1929, Beadie C. Swift, beloved wife of Theodore Swift and loving daughter of Charles D. and Mary F. Gillingham, Craig of Tilton, N. Y. Relatives and friends are invited to attend the funeral from her late home at Tilton on Sunday afternoon at 1:30 o'clock and 2 o'clock at the Reformed Church at Tilton. Interment in the family plot in Rosendale Plains cemetery.

GEO. B. STYLES, Jr., master. E. W. KEARNEY, Secretary.

Chicago Grain Market. Chicago, Feb. 8 (AP).—Options: Wheat—March, \$1.34; May, \$1.27 1/2.

Corn—March, 95 1/2; May, 93 1/2. Oats—March, 52; May, 52 1/2.

If you want your dreams to come true, don't overdo.

## Quartet at Vets' Minstrel

One of the features in Veterans of Foreign Wars minstrel show to be staged in the Kingston High School auditorium on Monday and Tuesday, February 11 and 12, will be a quartet number made up of the Minstrels Flo Hawkins, Marge Sicker, Bill DeKockle and Mark Goldleaf.

These young ladies and gentlemen have been rehearsing aside from the general practices held, and are bound to make a very favorable impression on the audience, is the opinion of Harry G. Malsenbender and Bill White, members of Joyce-Schrick Post, who are directing the minstrel.

William DeKockle, who is noted for his sweet tenor voice, has been of great assistance to the minstrel show directors, as he has taken charge of the chorus training. His suggestions and directions have been followed to a T and will have a great bearing on the success of the show.

Members of the chorus are the Misses A. and M. Shortell, E. Mays, L. Bubbeitz, F. Hawkins, M. Sicker, L. New, E. Garfield, M. Brown, M. McGlynn, M. McMahon, M. Sharp, L. Chl. William DeKockle, T. Dolan, M. Goldleaf, J. Carpio, T. Daly, H. Zellmer, J. Perry, L. Weber, J. Fisher, James Sottile, E. Sottile and Cliff Moore as interlocutor.

Vincent Van Bramer, whose dancing pupils play various roles in the show, is doing his best to have every one of them in top-notch form for the entertainment.

First Robin of Year. Rochester, Feb. 8 (AP).—The first robin of the year, sans wraps and galoshes was reported at the Country Club of Rochester today by employees.

DIED. BIGLER—Entered into rest Thursday, February 7, 1929, Barbara Brown, beloved wife of Walter Bigler and loving mother of John, Daniel, George, Herman and Sebastian Bigler and Mrs. Oscar J. LeFever and Mrs. William Leonard.

## Odd and Ends

The annual turkey dinner given by the Ladies' Aid Society of the First Reformed Church will be held this year on November 20.

A dance will be held in Pythian Hall, corner of Broadway and Thomas street, tonight, by the Sons and Daughters of Liberty. The public is invited to patronize the event.

The Ladies' Auxiliary of Joyce-Schrick Post, Veterans of Foreign Wars, will hold a card party tonight in the "Dugout" on East Chestnut street. Games will start at 8 o'clock. The public is invited.

The regular Friday evening service will be held as usual at Bedford's Upper Room Mission, 542 Broadway, near the West Shore, at 7:30. An inspiring service is planned for tonight. Everyone welcome.

The Benedictine Nurses' Alumnae Association will hold a card party at the Knights of Columbus Hall on Tuesday evening, February 12. Bridge and pinocle will be played. The public is cordially invited.

A card party will be held at the Knights of Columbus Hall, corner of Broadway and Thomas street, Monday evening, February 11, by the degree team of Colonial Rebekah Lodge. Mrs. Jeanette Hamilton and Mrs. Della Vanki are the chairladies in charge of the party.

## About the Folks

Judge William D. Brimale, Jr., has returned from a trip to Bermuda, where he went for a rest following a severe attack of grip.

Miss Helen Lasher of Brooklyn, granddaughter of William H. Swan of Flatbush, and Mrs. Philip Slater of this city, have been graduated from Erasmus Hall High School. Miss Lasher will attend a private business school.

## Three Industrial League Games On "Y" Court

In the Industrial Basketball League games played at the Y. M. C. A. court Thursday night Brighams were defeated by the Central Hudson, 12 to 10. The Artistes defeated the Heracles team for the first time this season, 21 to 15, and the last game of the night was a tough battle between the Silk Mills and Schilling. The latter won by a score of 21 to 15.

## PORT EVER PITTHANS SCALP UPRIGHT ALL-STARS.

The Upright All-Stars of Highland were outclassed by the Port Ever Knights of Pythias team, 49-22, at Port Ever Thursday night, when the Pythians brushed ahead at the outset of the game and held away, 25-4 at half time. Dan Joyce with 14 points was the big gun in the Port Ever team's victory. The Knights challenge the Champions to a three-game series, and would like to hear from other fast teams throughout the Hudson valley.

The preliminary game between the Port Ever Men's Club and St. John's Church team of this city, won by Port Ever 24-22. Van Kitten and Short with 10 and 11 points, respectively, did the winning team's big scoring.

## Tough Time for U. S. Runners

New York, Feb. 8 (Sp.)—It seems to be an open question whether American runners are enjoying the present indoor track season as much as they have in some past years.

It was not enough four years ago when Paavo Nurmi came, saw and conquered in what turned out to be the greatest individual invasion track history had seen. Nurmi is back again, a bit slower, perhaps, but still good enough to run rings around anything that has been set against him so far.

Perhaps the home-breds wouldn't mind so much if Paavo were alone in this current invasion. But he has decided help from his Swedish rival, Edwin Wide, and from the sprint marvel, Percy Williams of Vancouver, B. C.

While Nurmi was rearing up for the first mile race of his campaign at the Milwaukee games tomorrow night, Wide and Williams were treating American runners and track fans to another exhibition of their prowess at the Newark A. C. games last night.

Running without spiked shoes for the first time, Williams won a 60-yard handicap sprint in the last time of six and two-fifths seconds, within a fifth of a second of the world's indoor record. Bob Wise, of the New York A. C. and Charley Huggins, of New York University, each with a yard start on the Olympic sprint champion, were second and third respectively.

Wide distanced the field in a two-mile handicap run, winning by half a lap from Irving Totten, Milrose, A. A. in nine minutes, 17 1-5 seconds. Running on the same track a week ago, and under almost exactly similar conditions, Nurmi, unopposed, covered the distance in 12:19 3-5.

These well-earned victories thus will enable Williams and Wide both to enter the Milwaukee games with a record of two victories in as many starts in their American invasions.

Indications now are that Nurmi may not get as much opposition in the Milwaukee mile as he expected from Ray Conger, the national 1,000-yard champion. A favorite at that distance in the Newark A. C. games, Conger was soundly beaten by Sam Martin of the Boston A. A., and Jimmy Kennedy, Georgetown freshman. The time, 2 minutes, 15 1-5 seconds, was exceedingly fast under the conditions.

## WAPPINGERS FALLS FIVE AT HIGHLAND TONIGHT

Highland Hose Company basketball team will meet the Wappingers Falls representatives tonight at Smith's Hall, Highland. These two teams came together last Sunday at the Falls and Highland was victorious, taking the game 20-17. Tonight the Wappingers men will endeavor to even matters. They will have to step some for Pete Bruck of this city, who captains the firemen, has his outfit ready to chalk up another victory.

## Mercantiles' Bowling Scores

In the American division of the Mercantile Bowling League, two braces of games were rolled between the Apollo and Kingston Trust Company teams at the Y. M. C. A. alley, Thursday night. The Apollo captured the honors in both, winning by a two-out of three game margin in one and by three consecutive victories in the other.

The scores:

SHAMROCKS SHELLAC  
 HEBREW-AMERICANS, 40-20

## SHAMROCKS SHELLED HEBREW-AMERICANS, 40-20

The Shamrock quintet romped away from the Hebrew-Americans to the tune of 40-20 at Salvation Army Hall, North Front street, Thursday night. The winning team showed its superiority at the outset of the court war and had the best of the going throughout. Thomas of the Shamrocks did the best point collecting with 15 to his credit.

## Y'S MEN AGAIN BEAT HAKOAH'S

A last second shot of the lucky variety, cast into the Y's Men's basket by Flemings won a 13-12 victory for that team over the Hakoahs, Thursday night, at Salvation Army Hall. The victory over the Hakoah's was the second for the Y's Men, who

## Stage Set for Bouts Tonight

With the exception of Frankie Filletti's stumps to meet Johnny Carpio at the armory tonight, everything is set for the big boxing bouts as scheduled by Captain E. C. Lawson, athletic officer of the First Battalion, 154th Field Artillery.

It is possible that Filletti may be barred from entering the ring, owing to a severe cut he recently suffered on the side of his eye. In case he does not fight, Carpio will have to wait with Jimmy Morrison of New York, who will give the Kingston Hakoahs a battle for victory.

The rest of the card will remain as first scheduled, and is as follows:

Nick Zinna of this city vs. Tony Ross of New York, 10 rounds.

Charlie Molvin, Kingston, vs. Tommy Aboba, New York city, 6 rounds.

Billy Freeman, West Point, vs. Chief Halbrau, 102nd Medical Regiment, 6 rounds.

Kid Rank, 369th Infantry, vs. Penny Brostoff, New York city, 6 rounds.

## BOXING BOUTS TONIGHT — Kingston Armory

The Comfoters and Rondout A. C. quintets will meet tonight at 8 o'clock at Salvation Army Hall. The Rondouts are now being coached by Frank Mason, who will have the following men to pick from in forming a lineup: Ed and Andy Gilday, Tony Erena, John Cahill, Neil Bruke, Ruben, Lewis and John Snyder. Wednesday night the Rondouts are booked for a battle with the Hupmobile team at Salvation Hall.

Hakoahs Want Games. The Hakoah basketball team is in need of games to fill their schedule and would like to hear from teams in this vicinity. The Hakoah manager may be reached by phoning 2512-J or 1612-J any day after 6 p. m.

(Second Floor.)

# Come In And See The New Cars

Graham-Paige presents new sixes and eights—of added beauty, improved performance, and, we believe, even greater value. These new models succeed those which in 1928 established a new all-time record for first year sales volume. We want you to see them—and to enjoy a demonstration of the thrilling performance of the Graham-Paige four-speed transmission (two high speeds—standard gear shift).

Five chassis—sixes and eights—prices ranging from \$855 to \$2495. Car illustrated is Model 615, six-cylinder, five-passenger Sedan, \$1195 (special equipment extra). All prices at factory.

## Fine Program at Republican Club

The regular monthly meeting of the Republican Club held Thursday evening in Pyralian Hall, Broadway and Thomas street, was marked by a most enjoyable entertainment program which had been arranged by the social committee. The club was entertained by Tommy Dolan, the well known local tenor, who sang a number of popular selections, accompanied on the piano by Harry Maitland. The Amarello Brothers were also on the program and scored a hit. The speaker of the evening was Attorney John B. Sterley, who delivered an interesting address. At the close of the program refreshments were served and a social time held. The club will meet again in March, when the social committee promises another fine program for the evening.

### Fatally Injured in Crash

Cortland, N. Y., Feb. 8 (P).—Raymond D. Roche, 31, of Cortland, died in the Cortland Hospital this morning from injuries received last night when his car crashed into a truck on the highway between Ithaca and Dryden. His companion, Thomas Madden, also of Cortland, is in the hospital in a serious condition.

### Card of Thanks

## JUST HUMANS

SOMEBODY'S DARLING

## Mother's Cook Book

If only myself could talk to myself  
As I knew him a year ago  
I could tell him a lot.  
That would save him a lot.  
Of things he ought to know.  
—Kipling.

### HINTS FOR HOUSEKEEPERS

**WASTEFULNESS** is not only a wrong to the provider, but a mark of inefficiency.

It takes thought and some effort to plan wisely so that there will be no waste; but that is the housewife's business as it is the business of the man of the house to be the provider.

The following are only suggestions which every housewife will be able to fit to her own needs:

Never throw away a spoonful of peas or beans because there is not enough to serve; add them to a salad or a hot meat dish. Or serve as an individual dish to one of the family.

Make it the custom to have a tray of individual dishes and let the family choose which one they prefer. Keep the tray covered and make it a surprise; food will disappear like magic.

The yellow stripes of fat on steak in some families are cut off before cooking; others enjoy that tender portion of the steak, if cut off, try out and use as fat for various dishes in seasoning. The fat from roasts, bacon and all such meats should be saved.

By pouring boiling water on bacon fat, let it chill, the fat will be washed of the smoke flavor, it is objectionable.

The fat from fowl tried out makes excellent shortening for cookies and spice cakes, ginger bread, and snafet makes fine shortening for pastry and biscuits as well as gems.

If fat becomes too old, save until you have enough to make a little home-made soap; it is real fun to know that you are capable of such old-fashioned duties.

To three pounds of fat take one can of potash, melt the fat, add a tablespoonful each of ammonia and borax and the potash, stir well and pour into a mold. When cold cut into cakes and you will have soap enough to last for months for dish washing and you will know just what it was made of.

When sandwiches have been left over and have become slightly dry place them in a toaster and toast lightly on both sides. Serve at once.

**What Does Your Child Want to Know?**  
Answered by BARBARA BOUJARI

**What Makes Us Hungry?**  
Our blood needs food to make it rich. And passing through the brain it tells our minds it's time to eat. Then comes the hunger pain. (Copyrighted.)

### SOMETHING TO THINK ABOUT

By F. A. WALKER

### LITTLE THINGS

HOW prone we are to estimate everything by its size.

The elephant gets his prominence in the circus menagerie almost entirely because he is the biggest thing there.

Be really is not half so important nor nearly so interesting as a subject of study as the parrot in the cage of mixed birds, which attracts only passing attention.

Nobody knows how it is or why it is that the parrot of all the animal creation is the only one that has neither inclination or ability to speak human words and utter human sounds.

Everyone in the wide world, except those who think Doctor Cook found it, knows that Peary discovered the North pole.

Yet there is probably not one in a thousand who knows who discovered the fact that the mosquito was wholly to blame for the spread of the scourge of yellow fever.

The visiting of the North pole by the great explorer was a tremendous physical accomplishment, but the finding of that theoretical extremity of the earth's axis has not and never will serve to save a single life. It is a single hour with happiness or be commercially worth a penny.

While the discovery made by those miracle-working scientists and physicians who went into the swamps of Central America in search of the origin of the yellow fever germ have saved thousands on thousands of lives, and that saving will go on as long as time shall last.

If a hunting party made up of well-known men, whether they were scientists or just rich men bent on sport, were to start for South America to find and kill some animal about which the world knows little or nothing, there would be plenty of publicity. The "movie" men would grind their cameras and the world would be sure to know all about it.

Some time ago a group of men left London to go to the West Indies to gather a collection of a certain variety of fresh water snails.

These snails develop a germ which, transmitted to humans by means of drinking water, causes serious and frequently fatal illness to those infected.

It is a ten-to-one shot that you have not read a word about these voracious or their mission, that there will not be a "movie" picture of them shown and that they will go and come back from their humane mission without having had as much notice as a second-class prize fight would get.

We pay altogether too little attention to little things.

After all the biggest thing in the world is only an aggregation, a bringing together of little things.

The highest mountain is made, so the scientists tell us, of electrons, millions of which could dance on the point of a needle.

A drop of water from the ocean has every scientific quality that the whole ocean has.

We let the idea of bigness run away with us. We let size eclipse other more important and necessary qualities.

Don't forget the little things. Watch out for them. Remember the little kindnesses, the little courtesies, the little words of cheer that go so far and cost so little.

Remember the story of the ant who saved a man's life because the man had once saved it from destruction. You never can tell when a little thing may mean or do a great deal. (By McClellan Newspaper Syndicate.)
